NOTICE OF ELECTION OF TRUSTEES OF ST. PETER'S CHURCH.

Notice is hereby given to all the members of St. Peter's Catholic church, in the city of Fort Wayne, Allen county, Indiana, that on Friday, the 24th day of February, 1888, at 8 o'clock p. m., of said day, at the present church building of said congregation, on the south side of St. Martin's street, between Hanna and Warsaw streets, in said city, which church building is the usual place of worsh'p for said members, there will be held an election of not less than three nor more than five trustees for said church to serve for one year.

Dated February 13, 1888

REV. H. A. MESSMAN, Pastor.

LOCAL BRIEFS.

Wm. Hahn was king at the carnival last night.

Mr. Wm. Bradley will return to Emporia, Kan., to-night.

The county commissioners will meet in special session Friday next.

Mr. J. J. Niederberger, who sold his Calhoun street bakery to Mr. H. H. Barcus yesterday, will return to Lafayette, his former home.

Marshal Meyer has been confined to his residence by a severe illness for two days past, and the popular officer is greatly missed. He is much improved to-day.

The council last night passed resolutions to put down asphalt pavement on East Berry street, from Calhoun to Clinton street. The work will be done in the spring.

Mr. A. Aronson, who will be recalled as the former enterprising proprietor of the Golden Eagle clothing store, is in the city. Mr Aronson is now at Chicago and is prospering.

Mr. Joseph T. Beegan returned from a visit to relations at Wabash yesterday. Next Monday he will start for Rock Run, Ala., where he will officiate as secretary of the Bass furnaces.

The charming high school girls gave their gentlemen friends a leap year party at the Scottish rite hall, in the MacDougal block, last night. The young ladies did all the honors and royally so, too.

Dr. C. B. Stemen, attended a meeting of Chicago and Atlantic railroad surgeons at Huntington, yesterday. The doctor is trying to have the national convention of railway surgeons come to Fort Wayne.

Mr. Edwin Evans was at Toledo a few days and interviewed Mr. C. M. Haskell, president of the New York, Mahoning and Western road. Mr. Evans says the road will surely come to Fort Wayne and expects Mr. Haskell in the city this evening.

D. N. Foster et al. have sold to the Fort Wayne furniture company, twelve lots in the county addition, for $2,000; William Lentweiler has sold to Frank Degitz, lot 24, Mechanicsburg, for $900; Horace C. Hanna to August Hollman, lot 38, Bass & Hanna's addition, for $300.

"I was most ready to return a blow and would not brook at all this sort of thing," for I knew I could cure all damages with Salvation Oil.

Remnant Sale at the BEE HIVE.

Best sugar cured Hams, 12c lb.
Best sugar cured Shoulders, 8c lb.
FRUIT HOUSE.

Muslins cheap enough and in variety enough for all Fort Wayne. Do you know our prices? It is not good policy to by Muslins without finding out what we are selling them for. You may pay too much.

NASBY DEAD!

D. R. Locke, Known as Petroleum V. Nasby, Dies at His Home in Toledo This Morning.

TOLEDO, O., Feb. 15.—D. R. Locke (Petroleum V. Nasby) died at his residence, in this city, of consumption and a complication of organic troubles, at 6:30 this morning. His father, N. R. Locke, a veteran of the war of 1812, is still living in this city at the advanced age of nine-four.

David Ross Locke was born at Vestal, Broome county, N. Y., on the 20th of September, 1833. His father was one of the original anti-slavery men of the country and young Locke inherited his intense hatred of the peculiar institution and the love of freedom, which made him such a power with his pen during the civil war. In the eleventh year of his age he was apprenticed to the printing trade in the office of the Cortland (N. Y.) *Courier*.

In 1852 he founded the Plymouth, Ohio, *Advertiser*, conducting it two years. In 1856 he founded the Bucyrus *Journal* and afterwards was successively connected with the Mansfield *Herald* and the Findlay *Jeffersonian*. He was editing the latter paper when the war broke out, and in its columns appeared the first numbers of the renowned "Nasby" letters, first bearing date April 21, 1861. These political satires sprang at once into tremendous popularity. These letters were a source of great delight to President Lincoln, who always kept them in his table drawer for perusal at odd times.

Mr. Locke once raised a company of volunteers and applied to Governor Brough, of Ohio, for a commission as captain, which was refused on the ground that he could do more good for the union cause with his pen than in the field.

In 1865 he assumed charge of the Toledo *Blade*, first on a salary, but afterwards purchasing an interest and finally the entire control. It had always been his dream to found a great national weekly, which he now carried out. He also wrote plays, books of travel and many novels and sketches for his own paper.

He was also a poet of no mean order and several of his devotional poems can be found in various church hymnals. His fortune is estimated at a million, exclusive of the *Blade*. He was married while at Plymouth to Miss Martha Bodine, who with their three sons all grown to manhood, survive him. The eldest, Captain Robinson Locke, has been associated with his father on the *Blade* for the last dozen of years, except while consul at New Castle, on Tyne, England, to which office he was appointed by President Arthur.

A BIG BLAZE!

An Extensive Paper Mill Burned and Two Hundred Men Thrown Out of Employment.

NORTH WILBRAHAM, Mass., Feb. 15.—The extensive works of the Collins paper manufacturing company burned this morning. The loss will be heavy. The main building was 200 feet long by sixty feet wide and five stories high, with large extensions built of brick. It contained many thousand dollars worth of machinery, some of which may be saved.

The works furnished employment to 200 operatives and was practically the only industry in town. The controlling interest in the firm was owned by Congressman William Whiting, of Holeyoke. The loss is estimated at $250,000, insured in New England mutual companies for about $300,000.

The Indiana Oil Field.

MONTPELIER, Feb. 15—There are men here from the Ohio and Pennsylvania oil fields leasing lands, in view of the development of an oil field. A 250-barrel tank was filled from the recently discovered Citizens' well in a flow of seventy-two hours, and the oil is now wasting for lack of tankage. A test by a dydrometer at 60 degrees shows its specific gravity to be 30, and undoubtedly the oil is a fine lubricant. Agents are here looking over the field, and the development of Indiana's oil territory is assurred.

Congressional Election.

MARQUETTE, Mich., Feb. 15—Returns from yesterday's special congressional election in this district shows the election of Seymour (republican) by a majority of about 500 over Breen, the democrat-labor candidate. The prohibition vote was very light.

Foreign.

SAN REMO, Feb. 15.—The German crown prince passed another restless night. He has a headache, but otherwise his condition is favorable. Dr. Mackenzie, who intends leaving San Remo to-day for London, will delay his departure.

It was reported at the depots this morning that one of the railway employes at Columbia City shot a tough character at that place.

THE MARKETS.

CHICAGO, Feb. 15.—Wheat, easier, at 75 3-16c. Corn, steady, at 45½c. Oats, easier, May, 30 15-16c. Rye, 60c. Prime timothy, $2.48. Flaxseed, $1.45. Whisky, $1.15. Pork, easy, at $14.07½. Lard, steady at $7.60. May, short ribs, $7.50.

THE CAPITAL CITY.

Senator Hale Speaks in the Senate Against the Education Bill—Other Business Done.

WASHINGTON, Feb. 15.—Immediately after the transaction of the routine morning business in the senate, Hale spoke against the education bill, the understanding being that a vote be called at 3 o'clock. Senator Hale based his argument mainly upon the expressions of the opinion made by prominent educators that the bill would not accomplish the objects aimed.

At the meeting of the house committee on territories to-day an adverse report was made upon the bills of Messrs. Baker and Gifford, dividing Dakota on the east-west line and admitting the southern half to statehood. A subcommittee was appointed to draft an omnibus bill providing for admission to statehood of Dakota, Montana, Washington Territory and New Mexico.

The Weather.

WASHINGTON, February 15.—Indiana: Fair weather, colder Thursday morning, followed by slowly rising temperature.

LOCAL NEWS.

Mr. J. H. Bass went to Chicago this morning.

The Wayne hotel is assuming its interior beauty.

Louis Stiefel and Carrie Fisher have been licensed to wed.

Mr. R. T. McDonald went to New Orleans this morning.

Interesting local news will be found on the inside pages to-day.

Hon. R. C. Bell went to Bluffton on legal business this morning.

Carpenters are here to repair the burned Muncie baggage room.

Mr. and Mrs. D. C. Fisher have returned home from a visit at Peru, Ind.

There will be a gospel meeting at the Second Presbyterian church to-night.

Subject for the prayer meeting at the Christian church this evening is, "How Can a Dead Man Save the Living?"

Mr. S. A. Karn, of the firm of Dawson & Karn, has been summoned by telegraph to the bedside of his brother, who is dangerously ill.

Heine Bach, Wabash; S. J. Strauss, Ligonier; Sol Nierenthal, Lima; Adolph Weiler, Hartford City, are guests of the Aveline house.

The Christian church congregation give a festival and entertainment tomorrow evening in their church, corner Griffith and Jefferson street.

It has escaped the memory of some people that the six electric lights on the court house have always been and are still given to the city, free of cost.

Mr. and Mrs. Joe Derheimer and their pretty daughter entertained a party of friends, in regal style, at their East Washington street home, last night.

It is authoritatively stated that the Lake Shore Railroad company will erect a handsome depot on the north side in the spring. For the present the old building will be repaired.

The pastor of the Berry Street church greatly desires to meet the entire membership, including probationers, at the prayer meeting to-night. Strangers in the city have a cordial invitation to this service. Come, at 7:30 sharp.

At the country home of Mr. and Mrs. John Dalman, in Pleasant township, today occurred the marriage of their accomplished daughther, Miss Jennie, to Mr. Elgie Rich, a prominent gentleman. Quite a large number of friends went out from this city.

This evening, at the Standard hall, will occur the marriage of Miss Carrie Fisher, one of Fort Wayne's charming and prettiest society belles to Mr. Louis Stiefel, of Angola. The event is to be a very brilliant one and will receive further notice to-morrow.

There was a very pleasant social family gathering last evening at the home of Mr. and Mrs. Henry Stier to spend the last hours before the beginning of lent. A supper was served and the children and grandchildren passed the time in a happy manner. Mr. Stier is now seventy-four years of age and with his estimable wife enjoyed the occasion as much as any of the young folks. Mr. Stier is the father of George, Henry and Jacob J. Stier, of this city, and has four daughters, Mrs. Henry Beddell, Mrs. M. E. Fitzgibbon, Mrs. John Shipman and Miss Sophia Stier.

ECHOES OF THE RAIL.

The News as It Floats in the Morning Air is Gathered Up and Dotted Down.

Some of the employes of the Organ factory are not working this week.

Frank Howey, the time keeper at the Pittsburg car shops, is on the sick list.

Doan Blinn, the traveling freight agent of the Nickel Plate, was in the city yesterday.

One of the Bass foundry carts, loaded with castings, broke down this morning near the works.

Otto Benz, of the Bass machine shops, is still off duty on account of an injury received some time ago.

Joe Slater, the foreman of the Bass foundry blacksmith shops, received the boss Valentine yesterday.

The Wabash shops are putting down a new floor and making other improvements in the machine department of their works.

Levi Larrimore, the Nickel Plate engineer, was being congratulated yesterday by his friends over the arrival of a new heir at his home.

Supt. W. H. Carniff, of the Lake Shore, was in the city Monday. He thinks a new depot will soon be erected on the site of the ruined one.

Alexis Boehrer, a moulder in the Bass foundry, had his toe mashed yesterday by a heavy iron plate falling on it. He will be kept from duty for a few weeks.

Joseph Druhot, a moulder in the Bass works, is happy. A bright-eyed little girl arrived at his home yesterday and Joe receives the congratulations modestly.

B. Renfrew, of the Pittsburg machine shops, after a few days recreation at Mackinaw, reported for duty this morning. "Dick" says they are hustlers from away back up there.

George Thompson, a moulder in the Bass works, is doing the honors over the arrival of a girl baby at his home. The young heir is a picture of its "papa" and, of course, is a beauty.

Henry M. Zauner, the pleasant machinist in the Bass foundry, had one of the most comically original costumes at the masquerade ball last night and his best friends did not know him.

The frame gang in the Pittsburg shops authorizes us to state that it was "Hank" Mennewisch himself, and not his fiddle bow that was lost, as erroneously stated in a paid local in yesterday's SENTINEL.

There was an incipient fire at the Pittsburg car shops yesterday afternoon, which was quickly extinguished, however, by the excellent fire department of the works. It created considerable excitement for a time.

L. R. Buckwalter, the gang foreman of the Pittsburg machine shops, after a thorough examination of the thermometer, assisted by Brother Winget, announced it as standing six degrees above zero this morning.

Valentines of almost every conceivable shape, color and design floated around the Pittsburg machine shops, yesterday, promiscuously, but those received by Lew Miller and Frank Armack undoubtedly took the cake for "torturing" ones.

Quite a number of the boys in the Pittsburg shops "took in" the masquerade last night and it is said the two handsome machinists, J. J. Bennigan and H. Regel, were so smitten with the charms of a certain young lady that in searching for her after leaving the rink they got lost. That is the reason their machines were idle this morning.

This morning, our reporter found "Jim" Sloan, the clerk in the Pittsburg machine shops, busily engaged in taking the names and addresses of all the employes in that department, and on making inquiry as to the object of it, was informed that should it be necessary to call out a force for special work at night or on the Sabbath, no trouble would be experienced in finding the men, as has been the case heretofore.

A Pleasant Business Change.

Yesterday, Mr. H. H. Barcus purchased Mr. J. J. Niederberger's bakery and confectionery, at 96 Calhoun street, and will operate it in connection with his present business further south on Calhoun St. Mr. Barcus has some pleasant surprises in store for his patrons and the public. He will establish a first-class bakery in connection with the Neiderberger place, and in the near future add a ladies coffee cafe. He intends to make a specialty of fine cakes, ice cream and sherbets during the season and orders for everything in his line will be promptly filled and delivered. Special attention will be given to supplying goods for parties and weddings. Mr. Barcus solicits a share of the patronage and is confident of giving satisfaction. Leave your orders at either number, 96 or 116 Calhoun street.

HUBBARD GETS IT!

The Captain of the Central Detail Made the Acting Superintendent of the Chicago Police.

CHICAGO, Feb. 15.—Capt. George Washington Hubbard was yesterday appointed acting superintendent of police, vice Frederick Ebersold, resigned.

Captain Hubbard was born in Cambridge, Md., Feb. 22, 1848, came here just after the fire, and July 24, 1873, was appointed on the force by Supt. Washburn. He did his first patrol duty in the Bridgeport district, and from there he was taken on the west side as a desk-sergeant, and in 1883 was promoted to a lieutenancy and assigned to the Central detail. A year ago he was made captain by Mayor Harrison, since which time he has been around headquarters and in great favor.

Pennsylvania Railroad Employes.

PITTSBURG, Pa., Feb. 15.—The executive committee of the Pennsylvania company has concluded its work on the wage question and has referred the matter to the higher officials of the corporation for final disposition, It is understood that the report of the executive committee is in the main favorable to the employes.

Rev. Father O'Leary has returned from Chicago, whither he had gone to secure a speaker for St. Patrick's night. He has succeeded in obtaining the services of Rev. Maurice Dorney, one of the finest orators and ablest divines of the city of Chicago. Father Dorney will electrify his hearers.

WASHING!

Where, How and By Whom it is Done on a Big Scale.

A Laundry That Employs Fifty Hands and Operates Twenty-Two Machines.

About ten years ago F. L. Jones & Co. established themselves in the laundry business at their present quarters, Nos. 48 and 50 Pearl street, having succeeded a firm that had failed. They then employed only four hands and used but three machines, and so little work was there to be had that these machines were idle more than half the time. The business grew slowly and it was only after two or three years of the hardest work that it was firmly established, the firm now employing fifty people and using twenty-two different machines in the process of laundrying. These washing machines, either of which will wash 150 shirts or 2,000 collars and cuffs in three hours; two centrifugal extractors or wringers, either of which will extract the water from 2,000 collars or cuffs in five minutes; one shirt and one collar and cuff starching machine, two shirt ironing machines, having a capacity of 1,200 shirt bosoms a day, two band ironing machines for ironing neck bands and wrist bands of shirts, three collar and cuff ironing machines, with a capacity of 1,500 dozen collars or cuffs per day, dampening machines which will dampen evenly and thoroughly 125,000 collars or cuffs every ten hours, a machine for dampening the seams of turn-down collars, a machine for shaping standing collars and cuffs, and a machine for ironing the capes attached to ladies' collars.

This firm is now doing work for agents in nearly every town within a hundred miles of Fort Wayne, and, in several instances for parties in even more remote localities, numbering, as it does, among its regular customers, patrons in Iowa, Missouri and West Virginia, Michigan, Ohio and Illinois. We believe their facilities for turning out work speedily, and in the best manner possible, are surpassed by no laundry in the country, and that they are deserving of the support of our people, who have business in their line. By giving them this support you will assist in building up a worthy local enterprise. Their employes live in the city, and spend their earnings here, and whenever it becomes necessary to increase their working force, an industrious member of some deserving family is sure to find employment. Is this the case if your work is sent out of the city or if it is given to Chinamen?

All the water needed in the process of laundrying, is filtered, and all soaps used in the washing machines is made in the laundry, so that absolute purity of both water and soap is guaranted.

The wagons of the Troy Steam Laundry will call for and deliver bundles to any part of the city, without extra charge. The firm also repairs garments, sews on buttons, etc, free of cost. Telephone No. 160. Calls promptly responded to. Postal cards furnished free on application.

WEDNESDAY, FEB. 15, 1888.

GEORGIA has one fortune-teller who can be depended on. She is a young girl, and was recently thought to be a gypsy by a widower who was looking for a young wife, and was, therefore anxious to know the future. The girl said she'd tell the past and the future, and, having first received a good fee, she told the man to take off his hat. He did. Then she said: "You took off your hat; you will put it back on. God loves you, and if you don't look sharp the devil will get you." The fortune teller then walked away and left him standing looking "like the boy the calf ran over."

ELIHU STEVENS, of Smithfield, Me., is probably at the head of the largest family in the country. The aged man still appears hale and hearty. He is of medium height, quite erect, and although he complains of his poor eyesight, he is still able to go about alone. Before a recent reunion he drove to Oakland, and went about among his friends, inviting them to attend the celebration. Five generations of his family are now living. He was three times married, had ten children by his first wife, five by his second, and six by his third. His children, grandchildren, great-grandchildren and great-great-grandchildren who are now living number 319.

A MOST peculiar case of superstition exists in York Township, Ohio. A well-known farmer named Milar has always kept a fine lot of cows and made a great deal of most excellent butter. Of late years he has had what he terms it, "Witches in the cream," giving himself and family a great deal of trouble and great loss. It happens about every two weeks when they put the cream in the churn it begins foaming over the top and refuses to gather. No amount of churning has any effect toward gathering the butter, and the cream is taken out and thrown far away. The family attributes the trouble to witches brought on through the agency of a woman in the neighborhood through spite. It is a strange case.

ELDER WILLIS WARREN, a noted colored Baptist preacher of Georgia, is a remarkable man. He is very large, fat, jolly, and bald. He cannot read or write, but he has gained complete authority over thousands of his people in Lee, Dougherty, and Baker counties. Each of his followers is assessed $1 a year, which is religiously paid, and "Papa Willis'" income is very large. He owns a large plantation, which is worked by members of his congregation in turn without any expense to him. He drives into Albany, Ga., where he has recently built a church, seated in a handsome carriage behind a high-stepping black horse. It is said that he uses his great power with his congregation for good and that his advice to them is excellent.

W. W. CORCORAN, the Washington millionaire and philanthropist, would indeed be a great man if for no other reason than he knows how to handle a surplus. In his benevolent life of 90 years he has given away in charities nearly $7,000,000. One of his most patriotic acts was the removal of the remains of John Howard Payne to American soil and the erection of a monument to the author of "Home, Sweet Home." He receives the usual number of unconscionable requests made by worthy and unworthy alike. A woman wrote him: "I want a barrel of mess-pork, and I want you to send it to me." Mr. Corcoran laughed and sent it. Then the greedy cormorant asked for another.

THE watch without hands which has recently been brought before the public is simply a watch with the ordinary wheelwork in which the intermediate teeth are wanting, and which gear every minute and hour only. The contrivance, though admitted to possess some inconveniences, is, on the other hand, claimed to present some genuine preferences over the ordinary make. Thus, the construction not only allows the reading to be accurate, but also permits of estimating the time that separate each passing minute. There is not only an optical sign given, but also an acoustic one, since at every change of figure the ear perceives a slight sound, and consequently it becomes useless for one to examine his watch in order to measure a given interval of time—a feature of special value to engineers, physicians, officers, travelers, and observers. The experimenter knows exactly when a minute begins and ends.

Don't Get Caught

This spring with your blood full of impurities, your digestion impaired, your appetite poor, kidneys and liver torpid, and whole system liable to be prostrated by disease—but get yourself into good condition, and ready for the changing and warmer weather, by taking Hood's Sarsaparilla. It stands unequaled for purifying the blood, giving an appetite, and for a general spring medicine.

IN the arctic regions so greatly does fish preponderate over all other kind of food that the people have often been grouped together under the name of ichthyopagi, or fish-eaters; and there have been naturalists who have followed this idea so far that they have been able to discover a fishy type of physiognomy among them. Some of these people in the course of their lives probably never tasted any other kind of food; and as its peculiar richness in fat especially adapts it to their requirements of an easily digestible heat-giver it is well that nature has been so lavish in peopling the waters. So numerous are the individual members of the finny tribe that they may be said to exist in their myriads, thus forming a striking contrast to land animals, which are comparatively scarce. This abundance of fish arises from the evenness of temperature of water as compared with land. Seaweeds grow luxuriantly in latitudes where land plants of any importance would be an impossibility, and thus the primary requirements of a large population of animals are supplied. If it were not for this supply of seaweed it is not too much to say that the arctic regions would be almost uninhabited; but, thanks to the consequent abundance of fish, the Esquimaux and the Samoides extend themselves to within ten degrees of the pole

A new broom sweeps clean, but an old remedy that is reliable in practice is better than all theoretical new ones. Warner's Log Cabin Hops and Buchu Remedy is an old household remedy of our ancestors. You can find it indispensable for dyspepsia, constipation, malaria and other diseases and it only costs $1.00.

THE strength of the Russian troops assembled ready for action in the western provinces toward the end of December is reported by a German military paper as follows: In the first line, close to the frontier, there are stationed eight army corps, one each at Riga, Loono, Plotsk Lomsha, Petrohof Warsaw, Ivangorod Lublin, Rovno Shitomir, Kief Meskibooshye, and Kishenef. The second line is made up of three corps, one each at Prallystok Minsk, Tcheringoo Orel, and Karkof Poltava. The third line consists of five corps, one each at Revel Novgorod, Petersburg, Moscow, Jouslav, and Kazen Soratof. Each of these sixteen corps counts 44,500 men, or, altogether, 712,000 men. There are further nine divisions of cavalry on a complete war footing and receiving already war pay, close upon the frontiers toward Germany and Austria, namely, one each at Kovno, Wilna, Lomsha, Alexandrova, and Tchenstockof, looking toward Germany, and at Lublin, Samostye, Dubno, and Kief looking toward Austria. The four divisions stationed at Romny, Tchovgovyef, Jelisavetqrad, and Kishenef, can be transported to the frontier in a few days. These thirteen divisions count 3,600 horses each, or, altogether, 46,800. Each division is supplied with two batteries. The whole force consists, therefore, of 757,000 men, of which eight corps and nine divisions of horse, or 356,000 foot and 32,400 horse form the first line. Railroads with double tracks connect the second and third lines with the first—that is, they can be moved forward so rapidly that they can be in the encampment of the first line simultaneously, almost with the forward movement of the latter.

No other spring medicine has won for itself such universal confidence as Ayer's Sarsaparilla. It is the most powerful combination of vegetable alteratives ever offered to the public, and is acknowledged by the medical profession to be the best blood purifier.

A GHOST that has been for several months scaring the engineers at a certain trestle on a railroad near Atlanta was found a few days ago lying unconscious and nearly frozen to death in a pool of water near the spot. She had neither shoes nor stockings and few other clothes, and was evidently demented, although she could talk rationally on some subjects. She seemed to be of good birth and had evidences of refinement about her. She said she was Annie Garrett and had taken to the woods because she was disgusted with the world and lacked the courage to commit suicide. A hole was found dug out beneath the trestle, and in that she had lived.

As a toilet article, Ayer's Hair Vigor stands unrivaled. It cleanses the scalp and removes dandruff, cures itching humors, restores the original color to faded and gray hair, and promotes its growth.

The advantages of a reliable, safe and efficatious Family Medicine, is incalculable, and when such is found, the blessing is thus happily expressed.

I Exclaimed "Eureka."

I have been using Simmons Liver Regulator myself some five years or more, and my family also, and can testify from experience to its virtues. I never recommend a medicine unless I know it to be good. In a ministry of twenty-five years I have often felt the need of such a medicine and when I found it I exclaimed "Eureka."—Rev. J. P. Harper, Proprietor of the "Christian Visitor," Smithfield, N. C.

Yesterday afternoon, while Frank Fitzpatrick, a machinist in the Pittsburg shops, was engaged in knocking a pin out of a valve rod, a piece of steel flew up and struck him in the lip. It cut a small artery and all attempts to stop the flow of blood proved unavailing until the company's surgeon, Dr. G. C. Stemen arrived and checked it in a short time. The injury was a very painful, but not a serious one, and after the wound had been dressed Frank resumed work.

By correspondence with 600 township trustees, scattered over all parts of Indiana, State Statistician Peele has collected interesting data concerning the effects of the great drought of last year on crops. He finds that the damage to the corn crop was 50 per cent, ranging from 30 to 70 per cent; to the Irish potato yield 66, and to the clover and timothy hay 40 per cent. The southern part of the state suffered much more severely than the northern or central, the counties damaged to the greatest extent being apparently Parke, Bartholomew, Crawford and Decatur.

Hon. C. Edwards Lester,

DR. J. C. AYER & Co., Lowell, Mass.,

Gentlemen:—A sense of gratitude and the desire to render a service to the public impel me to make the following statements:

My college career, at New Haven, was interrupted by a severe cold which so enfeebled me that, for ten years, I had a hard struggle for life. Hemorrhage from the bronchial passages was the result of almost every fresh exposure. For years I was under treatment of the ablest practitioners without avail. At last I learned of

Ayer's Cherry Pectoral,

which I used (moderately and in small doses) at the first recurrence of a cold or any chest difficulty, and from which I invariably found relief. This was over 25 years ago. With all sorts of exposure, in all sorts of climates, I have never, to this day, had any cold nor any affection of the throat or lungs which did not yield to AYER'S CHERRY PECTORAL within 24 hours.

Of course I have never allowed myself to be without this remedy in all my voyages and travels. Under my own observation, it has given relief to vast numbers of persons; while in acute cases of pulmonary inflammation, such as croup and diphtheria in children, life has been preserved through its effects. I recommend its use in light but frequent doses. Properly administered, in accordance with your directions, it is

A Priceless Blessing

in any house. I speak earnestly because I feel earnestly. I have known many cases of apparently confirmed bronchitis and cough, with loss of voice, particularly among clergymen and other public speakers, perfectly cured by this medicine. Faithfully yours,

C. EDWARDS LESTER.

WEAK, UNDEVELOPED PARTS of the body enlarged and strengthened. Full particulars sent sealed free. ERIE MED. CO., BUFFALO, N. Y.

That's So

Relief is certain for the despondent feelings of the dyspeptic, the constipated habit of the sedentary, the headaches of the nervous and bilious, by the simple use of Simmons Liver Regulator,—easy to take, not nauseating or disgusting, not more bitter than a glass of beer and far more grateful. It is no intoxicating beverage, but it tones up the system, settles the stomach, assists digestion, regulates the bowels, and stimulates the Liver. Take it once and and you will discard all other medicines.

"I have used many remedies for Dyspepsia, Liver Affection and Debility, but never have found anything to benefit me to the extent that Simmons Liver Regulator has. I would advise all who are similarly affected to give it a trial as it seems the only thing that never fails to relieve."—P. M. JANNEY, Minneapolis, Minn.

The certainty with which this remedy acts has astonished the Medical Profession and secured for itself unbounded praise. Its virtues consist in being so gentle a cathartic, tonic and alterative, that in its operation it does not interrupt the usual duties of life, but acts so naturally that the system is not upset or afterwards constipated. It attacks all bilious disorders and sluggishness of the Liver; is harmless, and can be taken at any time without fear of injury.

"I have been a user of Simmons Liver Regulator for years, having made it my only family medicine. It is a sure, good and reliable medicine. My mother before me was very partial to it."—Rev. Jas. M. ROLLINS, Pastor M. E. Church, Fairfield, Va.

Pierce's Pleasant Purgative Pellets — The Original LITTLE LIVER PILLS.

SIZE OF PELLETS

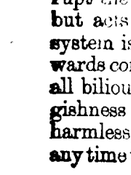

BEWARE OF IMITATIONS. ALWAYS ASK FOR DR. PIERCE'S PELLETS, OR LITTLE SUGAR-COATED PILLS.

Being entirely vegetable, they operate without disturbance to the system, diet, or occupation. Put up in glass vials, hermetically sealed. Always fresh and reliable. As a **laxative, alterative,** or **purgative,** these little Pellets give the most perfect satisfaction.

SICK HEADACHE,

Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the use of **Dr. Pierce's Pleasant Purgative Pellets.** In explanation of the remedial power of these Pellets over so great a variety of diseases, it may truthfully be said that their action upon the system is universal, not a gland or tissue escaping their sanative influence. Sold by druggists, 25 cents a vial. Manufactured at the Chemical Laboratory of WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

$500 REWARD

is offered by the manufacturers of **Dr. Sage's Catarrh Remedy,** for a case of Chronic Nasal Catarrh which they cannot cure.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians.

By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of **Catarrh, "cold in the head," Coryza,** and **Catarrhal Headache.** Sold by druggists everywhere; 50 cents.

"Untold Agony from Catarrh."

Prof. W. HAUSNER, the famous mesmerist, of *Blanco, N. Y.*, writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was such a bad one, that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

THOMAS J. RUSHING, Esq., *2902 Pine Street, St. Louis, Mo.*, writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh.

ELI ROBBINS, *Runyan P. O., Columbia Co., Pa.*, says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her; a third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

His Honor Willing to Assist the Witness.

A Detroit lawyer who had a case before one of the township justices subjected a witness to much brow-beating, and wound up with.

"Were you ever in jail?"

"Ask me another question of the sort and I'll lick you until you can't holler," was the prompt response.

"Your Honor," began the lawyer, "I demand that——"

"And if he can't I'll help him!" interrupted the Justice as he began to push up his sleeves—*Detroit Free Press*

DYSPEPSIA

Causes its victims to be miserable, hopeless, confused, and depressed in mind, very irritable, languid, and drowsy. It is a disease which does not get well of itself. It requires careful, persistent attention, and a remedy to throw off the causes and tone up the digestive organs till they perform their duties willingly. Hood's Sarsaparilla has proven just the required remedy in hundreds of cases.

"I have taken Hood's Sarsaparilla for dyspepsia, from which I have suffered two years. I tried many other medicines, but none proved so satisfactory as Hood's Sarsaparilla." THOMAS COOK, Brush Electric Light Co., New York City.

Sick Headache

"For the past two years I have been afflicted with severe headaches and dyspepsia. I was induced to try Hood's Sarsaparilla, and have found great relief. I cheerfully recommend it to all." MRS. E. F. ANNABLE, New Haven, Conn.

Mrs. Mary C. Smith, Cambridgeport, Mass., was a sufferer from dyspepsia and sick headache. She took Hood's Sarsaparilla and found it the best remedy she ever used.

How It Feels to Be Hanged.

"When I was about 20 years old I left New Hampshire, my native State, and came West, with the idea of securing a fortune in the mines. That was about ten years ago. At that time, to my eyes, Montana offered the best field to a young man from the States, and in the direction of that Territory I turned my face. I worked my way up into the northeastern part and was beginning to feel just a little blue, although I would not confess it to myself. I had not found a gold mine at the first jump, as I fully and confidently expected, and instead of jingling dollars in my pocket I got down to rubbing dimes together, and even their music sounded sweet, for before long I was whacking burros for a place to sleep and something to eat.

"Finally I worked my way to a little town away up in the corner of the Territory, and by making plenty of friends and hard work I began to see daylight through my difficulties. Then the camp had a boom and things were lively for a time. I took good care to profit by it, and was in a fair way to raise money enough to 'shake' the country, when a strange thing happened. One night the beds were all full at the house and I doubled up with a tall miner, who was a stranger in town. Before I awoke the next morning he was gone, and after breakfast I heard that a saloon-keeper had been killed and robbed of $300. Late in the afternoon a man came up to me and said he wanted to see me on a little business. I went with him, and we walked quite a distance until we came to a team hitched to a lumber wagon full of men. I was ordered to jump in, and then for the first time it struck me that I might have been accused of the murder of the night before. I asked them what I was wanted for, but received no reply, and we were driven out of town to a clump of trees a mile or two away. A rope was produced, one end placed around my neck, and the other end thrown over the branch of a tree. I was then asked to make a confession. I told them briefly that I had nothing to confess, and that if they could find the tall miner with whom I had slept the night previous he would declare my innocence. They only laughed at me, and I realized that I was to die. I was filled with such a feeling of horror that my legs seemed to give way beneath their weight, and two men assisted me.

"The order was given to pull away, and up I went, the rope tightening about my throat like some living thing intent on killing me. Suddenly I was lowered to the ground and again asked to confess. I tried to speak, but could not utter a sound. I was speechless. Upon a slip of paper I asked that my father and mother be notified of my death, and wrote the address. After a brief consultation I was pulled up again, and, as my eyes closed, it seemed as though I had looked upon earth for the last time. At first I suffered intense pain, then a feeling of dizziness came over me and my head swam around and around and I felt as though I were falling a great distance. Then a sensation as of sleep came over me. I knew of nothing after that until I found myself lying on the ground, while the form of a man bent over me in the gathering darkness, and water was dashed in my face. The revival was one of pain, and just then I would rather have been left to die.

"I was taken to a house, how I do not know, and put to bed. My throat pained me and I could not talk. I remained there for twenty-four hours, when the man who cut me down came in and said they had found the tall miner I had slept with and they knew I was innocent. He had cut me down on his own responsibility, he said; but now he could tell the boys, and he did. They came to the cabin with a rush and some of them cried for joy when they found I was alive. They asked me questions and I found I could not talk. Then they took me to the hotel, put me in the best room and sent for a doctor.

"When the doctor came and made an examination of my throat he said that some of the smaller bones of my neck had become disjointed. He worked on the case two weeks and I finally found my voice again. But the terrible red scar still remained and I suppose always will."—*Denver News.*

He Brought Out the Badger.

A lot of youngsters were collected on Sunday afternoon around a badger hole in which there was a mighty obstinate old badger—one of those old toughs that you could knock sparks out of with a hammer. Anyhow, the young sports had put all their swell imported terriers in to him and the old badger had come out on top every time—at least he hadn't come on top, because he hadn't come out at all; but when he and the dogs got to chewing one another underground he appeared to have away head the finest appetite. A chap who was standing by looking on said kind of sadly: "I guess, misters, that my old dog'll fetch that badger out for you—if you want him out, that is."

The stranger was one of those plank-shaped citizens, with shiny hair, like sea-weed. His cloths might have been entailed clothes in which the family had lived for centuries, and the mongrel was a dog as nearly like his master as a dog could be. Well, sir, the young bucks looked at them both, and the more they looked the more they laughed. The notion that that cur could beat all their finely bred imported terriers just tickled them to death, and finally the whole boiling of them offered to bet 20, 30, 40 to 1 against him—anything the owner liked, in fact. But they didn't bluff the old man off; he stayed with them; he seemed to have more money along, too, than you'd expect to find in such old clothes. And the more the boys kept sousing it to him the more he kept taking 'em, till finally they quit. And the bets were laid out on a big stone. Well, they stood around to see the fun. It was pretty clear that some one was going to feel awful sick before the deal was over. However, the visitor didn't seem like he thought it was going to be him. He picked the mongrel up and stroked him tenderly, and the old dog winced a little mite, too, as if he could see a chapter or so ahead of him. "Put him in," said the boys, "put him in!" "Right now, gentlemen," said the stranger, and stooping down he pried him gently into the earth—stern first. Well, sir, you should have heard those boys laugh when they saw that. Laugh? Well, I should say they did. For a minute or two the old dog lay there with his head out of doors, one eye fixed reproachfully on his master, the other cocked anxiously backward. Then all of a sudden there was a terrific yelp, and a cloud of dust, and he shot out of the hole with the badger fastened to him. And for the life of you you couldn't tell which looked the most foolish—the young sports or the old badger. As for the stranger, he raked in the bets, and when he got a little way off he turned around, as if he had forgotten something, and says he mournfully: "Boys—misters, I'm from Pecos County, Texas. I'm only a school-teacher thar, but they all know me. Shuf's my name—Eb'nezer Shuf—ask for Joyful Shuf."—*Saddle and Moccasin.*

SKIN SCALP BLOOD.

Having been a sufferer for two years and half from a disease caused by a bruise on the leg, and having been cured by the Cuticura Remedies when all other methods and remedies failed, I deem it my duty to recommend them. I visited Hot Springs to no avail, and tried several doctors without success, and at last our principal druggist, Mr. John P. Finlay, (to whom I shall ever feel grateful), spoke to me about Cuticura, and I consented to give them a trial with the result that I am perfectly cured. There is now no sore about me. I think I can show the largest surface where my sufferings sprang from of any one in the State. The Cuticura Remedies are the best blood and skin cures manufactured. I refer to druggist John P. Finlay and Dr. D. C. Montgomery, both of this place, and to Dr. Smith, of Lake Lee, Miss.

ALEXANDER BEACH, Greenville, Miss.

Mr. Beach used the Cuticura Remedies, at our request, with results as above stated.

SAVED MY MOTHER'S LIFE.

Ever since I can remember, my mother has suffered from a milk leg. Nothing would do her any good She had the best medical talent, but they all did her no good. She suffered with her leg for thirty years and never knew a well day. She would have to sit up half the night, holding up her leg and moaning. She had no peace. She used all the best know remedies in the country without effect. I asked her to try your Cuticura Remedies. Got her a bottle of Cuticura Resolvent, and she took it, and has taken in all about six or seven bottles and now she is a well woman today. Her leg is entirely healed, and her health was never better. She can go out every day, something she has not done in ten years, so you see I cannot help stating to you about your wonderful Cuticura Remedies. You have saved my mother's life. I cannot find words to express my gratitude. I have advertised your Cuticura Remedies far and near.

Sneezing Catarrh.

The distressing sneeze, sneeze, sneeze, the acrid watery discharges from the eyes and nose, the painful inflammation extending to the throat, the swelling of the mucous lining, causing choking sensations, cough, ringing noises in the head and splitting headaches,—how familiar these symptoms are to thousands who suffer periodically from head colds or influenza, and who live in ignorance of the fact that a single application of Sanford's Radical Cure for Catarrh will afford instantaneous relief.

But this treatment in cases of simple Catarrh gives but a faint idea of what this remedy will do in the chronic forms, where the breathing is obstructed by choking, putrid mucous accumulations, the hearing accebted, smell and taste gone, throat ulcerated and hacking cough gradually fastening itself upon the debilitated system. Then it is that the marvelous curative power of Sanford's Radical Cure manifests itself in instantaneous and grateful relief. Cure begins from the first application. It is rapid, radical, permanent, economical, safe.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, price $1. POTTER DRUG & CHEMICAL CO., BOSTON.

The article published in THE SENTINEL yesterday exposing Algernon Granville, unintentionally did the local agent of the Bradstreet Commercial agency an injustice. The article simply intended to show what a rascally tool the republicans employed to convict democrats in Ohio, and thought of the commercial agency was as remote as Madagascar. No one can reflect on the character and integrity of the Bradstreet agent, so that there need not be so much fuss made about it.

THE COMMON COUNCIL

Meet and Discuss City Affairs—The City Attorney Makes a Report on the Water Works Suit.

The common council of the city of Fort Wayne met in the council chamber Tuesday evening, February 14, A. D. 1888, in regular session.

His honor Mayor Muhler in the chair, and present the following members, viz: Councilmen Buttenbender, Doehrman, Griffith, Haiber, Hazzard Kelker, Kensill, Lahmeyer, Michael, Monahan, Meyer, Read, Scheid, Shordon, Wessell, Woulfe, Webber, and Williams—18.

Absent—none.

The minutes of the last regular session having been delivered to the councilmen were on motion approved as published.

BILLS.

The following bills were on motion allowed.

REPORT OF COMMITTEE ON STREETS AND ALLEYS.

We, your committee on streets and alleys respectfully report:

1. In favor of the resolutions of Councilman Monahan to grade and pave with flagging the sidewalks on both sides of Berry street, from Calhoun to Barr street.

2. In favor of the resolution of Councilman Woulfe to grade and pave with flagging both sides of Berry street, from Harrison to Calhoun street.

3. In favor of the resolution of Councilman Woulf to grade and pave with flagging both sides of Main street, from Harrison to Barr street.

4. We have also examined the annual reports of the city civil engineer and street commissioner. Said reports are gotten up in a very good form and by reading the same every taxpayer can easily understand the workings of these departments. There were more improvements made last year in the engineer's department than any other year in Fort Wayne's existence. We recommend the annual reports be printed in pamphlet form and distributed among the citizens and taxpayers.

5. In reference to the resolution of Councilman Michael to ascertain whether or not Columbia street from the west line of Lafayette street, east to the east line of county addition is legally opened, would ask until next meeting.

REPORT OF THE COMMITTEE ON RULES, REGULATIONS AND ORDINANCE.

In relation to the petition of William B. REPORT OF FIRE COMMISSIONERS.

We, your board of fire commissioners, to whom was referred the annual report of the chief of the fire department, respectfully report and recommend, after due consideration, as follows:

1. That the purchasing of lots in the Eighth, Fifth and Ninth wards, for hose cart houses, be referred to the committee on finance, and as soon as the finances will permit that the chief and fire commissioners be instructed to recommend places for said hose cart houses, and report the same to the council.

2. In reference to a new hook and ladder truck, we believe on account of the high buildings now erected in the city that we should have longer ladders then we now have at the present time, the chief reports that it is impossible to reach the high buildings in case of fire with the ladders we now have on the old truck. We therefore recommend that a new hook and ladder truck be purchased as soon as possible.

3. We also report that the men are in need of some blankets and comforts at engine house No. 1; we therefore recommend that the chief and fire commissioners be instructed to purchase four blankets and fifteen comforts at once.

We your committee on public parks and city civil engineer, to whom was referred the bill of William Borgman for earth filling in the Hayden park, will report that there was an overcharge of $16.20, which we have corrected, and recommend Wm. Borgman be paid $156 80 instead of $172, as per bill rendered.

We, your committee who have twice made the Griffith street sewer assessments, respectfully report as to the petition of Caroline Ehrman, that we cannot make a better assessment, as the one approved by the council was and is in our opinion as near just and true as can be made. If the council thinks that petitioner is not benefitted the cheaper and easier way would be for the city to pay it, the amount being only $7.57.

REPORT OF THE COMMITTEE ON STREETS, CITY ATTORNEY AND ENGINEER.

We, your committee on streets with city attorney and city civil engineer, to whom was referred the petition of H. B. Reed, asking for a reduction of assessment for the flagstone walk on the north side of Columbia street, will report that we have carefully examined the petition as well as the estimate in question, and advised with the city attorney, and find that the costs of improvements must be assessed to its assessed value for taxation. We therefore instructed the city civil engineer to make amended estimate according to the appraised value of each parcel or lot of land lying within the distance prescribed by law.

REPORT OF THE COMMITTEE ON STREETS, MAYOR AND STREET COMMISSIONER.

Your committee, to whom was referred, with power to act, the temporary repairing of the outlet to the Walton avenue sewer, have come to the conclusion that some pile driving would be necessary to protect the present repairs until a more permanent improvement be made. We therefore awarded a contract for said piling to Mr. Waldo at 32c per lenial foot per post, being the lowest bidder out of three.

We have not yet made any arrangements as to the filling back of the piling with clay or other material on account of the frozen condition of the ground.

Mr. Pardee has informed your committee that he will furnish cobble stone for the purpose of filling, providing it would be satisfactory to the common council.

REPORT OF SPECIAL STREET RAILWAY ORDINANCE COMMITTEE.

We, your committees on rules, &c., and streets, with city attorney, to whom were referred the street car ordinances, respectfully report that we have amended the ordinances in such a manner as to best subserve the public interests. We have inserted clauses requiring the company to bear one half the expense of maintaining or replacing the Shawnee creek and Creighton avenue bridges. We have inserted a clause in the Main street ordinance providing the manner of crossing the river bridge on West Main street and another requiring the company to place all earth excavated in laying the track at such points as the street commissioner or committee shall require. In the Broadway ordinance we have restructed the line to the middle of the street to nearly Shawnee creek and put upon the company the duty of maintaining the gutter on the west side of Broadway in a safe condition. With reference to the clause proposed putting upon the company the duty of building one foot of the roadway outside of its track, we report adversely for the reason that it is to the best interest of the city that said tracks should be extended as prayed for, and while the company may in the future reap a benefit from such extension, at the present time by far the greater benefit will accrue to those having and owning property, as well as those living in the west of the city, and inasmuch as the company is unwilling to assume, this to them, as well as us, unjust exaction, and believing that the citizens generally desire to see the extensions made at once, we recommend the passage of the ordinances as reported herewith. While in some metropolitan cities where such franchises are of great value, some strong ordinances may be found, but the ordinances herewith reported are much more exacting than those in other cities of our size. The ordinances reported are very much more exacting than those passed by our councily of former years.

2. And in reference to the natural gas ordinance your committee would ask whether or not they should report an ordinance.

REPORT OF CITY ATTORNEY.

I respectfully report as follows:

1. In the matter of the pending investigation of the water works trustees, I report that the further investigation of said trustees has been enjoined by Judge Chapin, of the superior court. The complaint sworn to by the trustees was against the mayor and the eighteen councilmen. The trustees swore that the council was corrupt; that the investigation had been ordered because they had prevented said council from obtaining the feeder canal; that the council intended to impeach them with or without evidence. Upon the strength of the complaint Chapin granted injunction. I filed the sworn statement of fifteen members of the council and the mayor, denying that they were corrupt, and that they did not intend to impeach the said trustees unless the law and the facts demanded it. The case has been taken to the supreme court, and I believe within thirty days the supreme court will decide that Judge Chapin's decision was unauthorized and a bold usurpation upon his part.

2. In the matter of the bill of costs in the supreme court of the United States in the case of S. D. Wood & Co vs. City, is correct and must be paid to save further costs.

3. I appeared to complaint filed by the late Samuel Miller, proprietor of the Journal, and submitted an agreed statement of facts, the question in dispute between him and the city, as to whether or not, under his contract to do the city printing, he was bound to print the city delinquent tax list; inasmuch as the law provides that the expense of such printing shall be charged against the property taxed, and collected when the property is sold or redeemed. The city having made such collections last year, and he having printed such delinquent list, claimed that under the law it was due him. Judge O'Rourke decided that it was not embraced in the contract, and that therefore judgement should go for Miller. The amount to which the Journal is therefore entitled is between $80 and $90. The treasurer knows the exact amount.

4. In accordance with the resolution of Councilman Michael, I petitioned Hon. E. O'Rourke, judge of the circuit court, for the appointment of the five city commissioners for street opening and assessments, his honor appointed Michael Wolf, A. F. Glutting, Jefferson Dickerson, George Fox and Ulrich Stutz.

REPORT OF CHIEF OF POLICE AND CITY CLERK.

I respectfully report that the electric lights were found not burning 386 hours during the month of January, 1888.

HUGH M. DIEHL,
Chief of Police.

I respectfully report that I have deducted from the electric light company's bill for the month of January, 1888, $21.23; 386 hours at 5½ cents per hour.

REPORT OF POUNDMASTER.

I hereby respectfully report that I have no financial report to make, as I have caught no animals, hence no money collected. The pound is in a miserable shape and unfit to put any animals into during the winter, and the same should be cleaned and fixed.

MICHAEL MILLER,
Poundmaster.

REPORT OF CITY WEIGHMASTER.

I most respectfully report that I have collected and paid to the treasurer $184.10 for the month of Jan., 1888.

PATRICK RYAN,
City Weighmaster.

REPORT OF STREET COMMISSIONER.

In the event of heavy rains, when spring opens, there is some danger of the new brick sidewalk on the south side of East Lewis street being washed away, as there is a large amount of water accumulates at that point, and it will become necessary to protect the sidewalk, dump with cinders or other material which may be deemed best, either by the city or the property owners.

DENNIS O'BRIEN,
Street Commissioner.

Referred to the committee on streets with power to act.

REPORT OF CITY CIVIL ENGINEER.

The papers in the city civil engineer's office have accumulated to such an extent that we have to tie them up in bundles and stow them away in drawers or other places which makes it very inconvenient when it becomes necessary to look up some particular paper at a time when we are hurried with work. I therefore ask your honorable body to take such action as may be necessary to provide the city civil engineer's office with a suitable case of pigeon holes with boxes for the safe keeping of the papers belonging to the office.

J. S. GOSHORN,
City Civil Engineer.

Referred to the committee on public grounds and buildings.

The Masquerade Ball.

The famous Sængerbund society gave its thirteenth annual masquerade ball last evening and the Princess rink was the scene of a gay assembly. The costumes were gorgeous and picturesque, representing every phase of life. Reineke's full orchestra furnished music and until early dawn the merry throng danced the hours away. The following committees looked after the welfare of their guests and added another to the successful Sængerbund balls:

Committee on arrangements—Aug. Langhorst, W. Becker and Charles Jacobs.

Reception committee—N. Heine, H. Horstmeier and F. Roth.

Introduction committee.—H. Keller, Charles Hoffman and August Baals.

Floor managers—Christ Plorr, Chas. Sheldon, A. Knoche, M. Ermschner, E. Berthold and A. Tassler.

The insurance policy for $5,000 held by the late E. L. Shadduck, the Wabash conductor who died in this city a few weeks ago, has been found to be void. The wife of the deceased, who lives in Vermont, teaches school and barely makes a living.

Remnants by thousand at half price.

A Suit for $700,000 Worth of Property.

EVANSVILLE, Ind., Feb. 15.—A very important suit directly involving property valued at $700,000 in this city was filed in the circuit court yesterday morning. The suit is brought by Josephus Collett, of Terre Haute, for the recovery of property formerly known as the Erie Canal bed, which is now traversed in part by one of the principal thoroughfares of the city, while in other parts it is covered by residences and business blocks. The suit is brought against the city and two of the property holders, and upon its result the title of the entire tract will be tested. It is an old question which has never, however, been brought before the courts in this form. The filing of the proceedings has created a sensation.

NOTICE OF ELECTION OF TRUSTEES OF ST. PETER'S CHURCH.

Notice is hereby given to all the members of St. Peter's Catholic church, in the city of Fort Wayne, Allen county, Indiana, that on Friday, the 24th day of February, 1888, at 8 o'clock p. m., of said day, at the present church building of said congregation, on the south side of St. Martin's street, between Hanna and Warsaw streets, in said city, which church building is the usual place of worship for said members, there will be held an election of not less than three nor more than five trustees for said church to serve for one year.

Dated February 13, 1888.

REV. H. A. MESSMAN, Pastor.

LOCAL BRIEFS.

Wm. Hahn was king at the carnival last night.

Mr. Wm. Bradley will return to Emporia, Kan., to-night.

The county commissioners will meet in special session Friday next.

Mr. J. J. Niederberger, who sold his Calhoun street bakery to Mr. H. H. Barens yesterday, will return to Lafayette, his former home.

Marshal Meyer has been confined to his residence by a severe illness for two days past, and the popular officer is greatly missed. He is much improved to-day.

The council last night passed resolutions to put down asphalt pavement on East Berry street, from Calhoun to Clinton street. The work will be done in the spring.

Mr. A. Aronson, who will be recalled as the former enterprising proprietor of the Golden Eagle clothing store, is in the city. Mr Aronson is now at Chicago and is prospering.

Mr. Joseph T. Beegan returned from a visit to relations at Wabash yesterday. Next Monday he will start for Rock Run, Ala., where he will officiate as secretary of the Bass furnaces.

The charming high school girls gave their gentlemen friends a leap year party at the Scottish rite hall, in the MacDougal block, last night. The young ladies did all the honors and royally so, too.

Dr. C. B. Stemen, attended a meeting of Chicago and Atlantic railroad surgeons at Huntington, yesterday. The doctor is trying to have the national convention of railway surgeons come to Fort Wayne.

Mr. Edwin Evans was at Toledo a few days and interviewed Mr. O. M. Haskell, president of the New York, Mahoning and Western road. Mr. Evans says the road will surely come to Fort Wayne and expects Mr. Haskell in the city this evening.

D. N. Foster et al. have sold to the Fort Wayne furniture company, twelve lots in the county addition, for $2,000; William Lentweiler has sold to Frank Degitz, lot 24, Mechanicsburg, for $900; Horace C. Hanna to August Hollman, lot 38, Bass & Hanna's addition, for $300.

NASBY DEAD!

D. R. Locke, Known as Petroleum V. Nasby, Dies at His Home in Toledo This Morning.

TOLEDO, O., Feb. 15.—D. R. Locke (Petroleum V. Nasby) died at his residence, in this city, of consumption and a complication of organic troubles, at 6:20 this morning. His father, N. R. Locke, a veteran of the war of 1812, is still living in this city at the advanced age of nine-four.

David Ross Locke was born at Vestal, Broome county, N. Y., on the 20th of September, 1833. His father was one of the original anti-slavery men of the country and young Locke inherited his intense hatred of the peculiar institution and the love of freedom, which made him such a power with his pen during the civil war. In the eleventh year of his age he was apprenticed to the printing trade in the office of the Cortland (N. Y.) *Courier*.

In 1852 he founded the Plymouth, Ohio, *Advertiser*, conducting it two years. In 1856 he founded the Bucyrus *Journal* and afterwards was successively connected with the Mansfield *Herald* and the Findlay *Jeffersonian*. He was editing the latter paper when the war broke out, and in its columns appeared the first numbers of the renowned "Nasby" letters, first bearing date April 21, 1861. These political satires sprang at once into tremendous popularity. These letters were a source of great delight to President Lincoln, who always kept them in his table drawer for perusal at odd times.

Mr. Locke once raised a company of volunteers and applied to Governor Brough, of Ohio, for a commission as captain, which was refused on the ground that he could do more good for the union cause with his pen than in the field.

In 1865 he assumed charge of the Toledo *Blade*, first on a salary, but afterwards purchasing an interest and finally the entire control. It had always been his dream to found a great national weekly, which he now carried out. He also wrote plays, books of travel and many novels and sketches for his own paper.

He was also a poet of no mean order and several of his devotional poems can be found in various church hymnals. His fortune is estimated at a million, exclusive of the *Blade*. He was married while at Plymouth to Miss Martha Bodine, who with their three sons all grown to manhood, survive him. The eldest, Captain Robinson Locke, has been associated with his father on the *Blade* for the last dozen of years, except while consul at New Castle, on Tyne, England, to which office he was appointed by President Arthur.

A BIG BLAZE!

An Extensive Paper Mill Burned and Two Hundred Men Thrown Out of Employment.

NORTH WILBRAHAM, Mass., Feb. 15.—The extensive works of the Collins paper manufacturing company burned this morning. The loss will be heavy. The main building was 200 feet long by sixty feet wide and five stories high, with large extensions built of brick. It contained many thousand dollars worth of machinery, some of which may be saved.

The works furnished employment to 200 operatives and was practically the only industry in town. The controlling interest in the firm was owned by Congressman William Whiting, of Holyoke. The loss is estimated at $250,000, insured in New England mutual companies for about $300,000.

The Indiana Oil Field.

MONTPELIER, Feb. 15—There are men here from the Ohio and Pennsylvania oil fields leasing lands, in view of the development of an oil field. A 250-barrel tank was filled from the recently discovered Citizens' well in a flow of seventy-two hours, and the oil is now wasting for lack of tankage. A test by a dydrometer at 60 degrees shows its specific gravity to be 80, and undoubtedly the oil is a fine lubricant. Agents are here looking over the field, and the development of Indiana's oil territory is assurred.

Congressional Election.

MARQUETTE, Mich., Feb. 15—Returns from yesterday's special congressional election in this district shows the election of Seymour (republican) by a majority of about 500 over Breen, the democrat-labor candidate. The prohibition vote was very light.

Foreign.

SAN REMO, Feb. 15.—The German crown prince passed another restless night. He has a headache, but otherwise his condition is favorable. Dr. Mackenzie, who intends leaving San Remo to-day for London, will delay his departure.

It was reported at the depots this morning that one of the railway employes at Columbia City shot a tough character at that place.

THE MARKETS.

Senator Hale Speaks in the Senate Against the Education Bill—Other Business Done.

WASHINGTON, Feb. 15.—Immediately after the transaction of the routine morning business in the senate, Hale spoke against the education bill, the understanding being that a vote be called at 3 o'clock. Senator Hale based his argument mainly upon the expressions of the opinion made by prominent educators that the bill would not accomplish the objects aimed.

At the meeting of the house committee on territories to-day an adverse report was made upon the bills of Messrs. Baker and Gifford, dividing Dakota on the east-west line and admitting the southern half to statehood. A subcommittee was appointed to draft an omnibus bill providing for admission to statehood of Dakota, Montana, Washington Territory and New Mexico.

The Weather.

WASHINGTON, February 15.—Indiana: Fair weather, colder Thursday morning, followed by slowly rising temperature.

The Christian church congregation give a festival and entertainment tomorrow evening in their church, corner Griffith and Jefferson street.

It has escaped the memory of some people that the six electric lights on the court house have always been and are still given to the city, free of cost.

Mr. and Mrs. Joe Derheimer and their pretty daughter entertained a party of friends, in regal style, at their East Washington street home, last night.

It is authoritatively stated that the Lake Shore Railroad company will erect a handsome depot on the north side in the spring. For the present the old building will be repaired.

The pastor of the Berry Street church greatly desires to meet the entire membership, including probationers, at the prayer meeting to-night. Strangers in the city have a cordial invitation to this service. Come, at 7:30 sharp.

At the country home of Mr. and Mrs. John Dalman, in Pleasant township, today occurred the marriage of their accomplished daughter, Miss Jennie, to Mr. Elgie Rich, a prominent gentleman. Quite a large number of friends went out from this city.

This evening, at the Standard hall will occur the marriage of Miss Carrie Fisher, one of Fort Wayne's charming and prettiest society belles to Mr. Louis Stiefel, of Angola. The event is to be a very brilliant one and will receive further notice to-morrow.

There was a very pleasant social family gathering last evening at the home of Mr. and Mrs. Henry Stier to spend the last hours before the beginning of lent. A supper was served and the children and grandchildren passed the time in a happy manner. Mr. Stier is now seventy-four years of age and with his estimable wife enjoyed the occasion as much as any of the young folks. Mr. Stier is the father of George, Henry and Jacob J. Stier, of this city, and has four daughters, Mrs. Henry Beddell, Mrs. M. E. Fitzgibbon, Mrs. John Shipman and Miss Sophia Stier.

Circuit Court.

Before Judge Edward O'Rourke:

The jury in the case of the state vs. Jacob Swaidner for provoke on Officer O'Connell gave a verdict of guilty and a fine of $1.

The case of the state vs. Timothy O'Connor for assault and battery on Officer Sheridan went to the jury this afternoon.

The judge will decide the water rent case to-morrow.

The Mechanical Drawing Class.

Those wanting to join are requested to meet at Foster block, opposite Court House, 3d floor, Friday evening, at 8 o'clock, when terms, etc., will be arranged. O. GUILDIN.

ECHOES OF THE RAIL.

The News as It Floats in the Morning Air is Gathered Up and Dotted Down.

Some of the employes of the Organ factory are not working this week.

Frank Howey, the time keeper at the Pittsburg car shops, is on the sick list.

Doan Blinn, the traveling freight agent of the Nickel Plate, was in the city yesterday.

One of the Bass foundry carts, loaded with castings, broke down this morning near the works.

Otto Benz, of the Bass machine shops, is still off duty on account of an injury received some time ago.

Joe Slater, the foreman of the Bass foundry blacksmith shops, received the boss Valentine yesterday.

The Wabash shops are putting down a new floor and making other improvements in the machine department of their works.

Levi Larrimore, the Nickel Plate engineer, was being congratulated yesterday by his friends over the arrival of a new heir at his home.

Supt. W. H. Carniff, of the Lake Shore, was in the city Monday. He thinks a new depot will soon be erected on the site of the ruined one.

Alexis Boehrer, a moulder in the Bass foundry, had his toe mashed yesterday by a heavy iron plate falling on it. He will be kept from duty for a few weeks.

Joseph Drabot, a moulder in the Bass works, is happy. A bright-eyed little girl arrived at his home yesterday and Joe receives the congratulations modestly.

B. Renfrew, of the Pittsburg machine shops, after a few days recreation at Mackinaw, reported for duty this morning. "Dick" says they are hustlers from away back up there.

George Thompson, a moulder in the Bass works, is doing the honors over the arrival of a girl baby at his home. The young heir is a picture of its "papa" and, of course, is a beauty.

Henry M. Zaenss, the pleasant machinist in the Bass foundry, had one of the most comically original costumes at the masquerade ball last night and his best friends did not know him.

The frame gang in the Pittsburg shops authorizes us to state that it was "Hank" Meanewinch himself, and not his fiddle bow that was lost, as erroneously stated in a paid local in yesterday's SENTINEL.

There was an incipient fire at the Pittsburg car shops yesterday afternoon, which was quickly extinguished, however, by the excellent fire department of the works. It created considerable excitement for a time.

L. R. Buckwalter, the gang foreman of the Pittsburg machine shops, after a thorough examination of the thermometer, assisted by Brother Winget, announced it as standing six degrees above zero this morning.

Valentines of almost every conceivable shape, color and design floated around the Pittsburg machine shops, yesterday, promiscuously, but those received by Lew Miller and Frank Armack undoubtedly took the cake for "torturing" ones.

Quite a number of the boys in the Pittsburg shops "took in" the masquerade last night and it is said the two handsome machinists, J. J. Bennigan and H. Regel, were so smitten with the charms of a certain young lady that in searching for her after leaving the rink they got lost. That is the reason their machines were idle this morning.

This morning, our reporter found "Jim" Sloan, the clerk in the Pittsburg machine shops, busily engaged in taking the names and addresses of all the employes in that department, and on making inquiry as to the object of it, was informed that should it be necessary to call out a force for special work at night or on the Sabbath, no trouble would be experienced in finding the men, as has been the case heretofore.

A Pleasant Business Change.

Yesterday, Mr. H. H. Barens purchased Mr. J. J. Niederberger's bakery and confectionery, at 98 Calhoun street, and will operate it in connection with his present business further south on Calhoun St. Mr. Barens has some pleasant surprises in store for his patrons and the public. He will establish a first-class bakery in connection with the Niederberger place, and in the near future add a ladies coffee cafe. He intends to make a specialty of fine cakes, ice cream and sherbets during the season and orders for everything in his line will be promptly filled and delivered. Special attention will be given to supplying goods for parties and weddings. Mr. Barens solicits a share of the patronage and is confident of giving satisfaction. Leave your orders at either number, 96 or 116 Calhoun street.

HUBBARD GETS IT!

The Captain of the Central Detail Made the Acting Superintendent of the Chicago Police.

CHICAGO, Feb. 15.—Capt. George Washington Hubbard was yesterday appointed acting superintendent of police, vice Frederick Ebersold, resigned.

Captain Hubbard was born in Cambridge, Md., Feb. 22, 1848, came here just after the fire, and July 24, 1873, was appointed on the force by Supt. Washburn. He did his first patrol duty in the Bridgeport district, and from there he was taken on the west side as a desk-sergeant, and in 1883 was promoted to a lieutenancy and assigned to the Central detail. A year ago he was made captain by Mayor Harrison, since which time he has been around headquarters and in great favor.

Pennsylvania Railroad Employes.

PITTSBURG, Pa., Feb. 15.—The executive committee of the Pennsylvania company has concluded its work on the wage question and has referred the matter to the higher officials of the corporation for final disposition. It is understood that the report of the executive committee is in the main favorable to the employes.

Rev. Father O'Leary has returned from Chicago, whither he had gone to secure a speaker for St. Patrick's night. He has succeeded in obtaining the services of Rev. Maurice Dorney, one of the finest orators and ablest divines of the city of Chicago. Father Dorney will electrify his hearers.

WASHING!

Where, How and By Whom it is Done on a Big Scale.

A Laundry That Employs Fifty Hands and Operates Twenty-Two Machines.

About ten years ago F. L. Jones & Co. established themselves in the laundry business at their present quarters, Nos. 48 and 50 Pearl street, having succeeded a firm that had failed. They then employed only four hands and used but three machines, and so little work was there to be had that these machines were idle more than half the time. The business grew slowly and it was only after two or three years of the hardest work that it was firmly established, the firm now employing fifty people and using twenty-two different machines in the process of laundrying. These washing machines, either of which will wash 150 shirts or 2,000 collars and cuffs in three hours; two centrifugal extractors or wringers, either of which will extract the water from 2,000 collars or cuffs in five minutes; one shirt and one collar and cuff starching machine, two shirt ironing machines, having a capacity of 1,200 shirt bosoms a day, two band ironing machines for ironing neck bands and wrist bands of shirts, three collar and cuff ironing machines, with a capacity of 1,500 dozen collars or cuffs per day, dampening machines which will dampen evenly and thoroughly 125,000 collars or cuffs every ten hours, a machine for dampening the seams of turndown collars, a machine for shaping standing collars and cuffs, and a machine for ironing the capes attached to ladies' collars.

This firm is now doing work for agents in nearly every town within a hundred miles of Fort Wayne, and, in several instances for parties in even more remote localities, numbering, as it does, among its regular customers, patrons in Iowa, Missouri and West Virginia, Michigan, Ohio and Illinois. We believe their facilities for turning out work speedily, and in the best manner possible, are surpassed by no laundry in the country, and that they are deserving of the support of our people, who have business in their line. By giving them this support you will assist in building up a worthy local enterprise. Their employes live in the city, and spend their earnings here, and whenever it becomes necessary to increase their working force, an industrious member of some deserving family is sure to find employment. Is this the case if your work is sent out of the city or if it is given to Chinamen?

All the water needed in the process of laundrying, is filtered, and all soaps used in the washing machines is made in the laundry, so that absolute purity of both water and soap is guaranted.

The wagons of the Troy Steam Laundry will call for and deliver bundles to any part of the city, without extra charge. The firm also repairs garments, sews on buttons, etc., free of cost. Telephone No. 160. Calls promptly responded to. Postal cards furnished free on application.

WEDNESDAY, FEB. 15, 1888.

GEORGIA has one fortune-teller who can be depended on. She is a young girl, and was recently thought to be a gypsy by a widower who was looking for a young wife, and was, therefore anxious to know the future. The girl said she'd tell the past and the future, and, having first received a good fee, she told the man to take off his hat. He did. Then she said: "You took off your hat; you will put it back on. God loves you, and if you don't look sharp the devil will get you." The fortune teller then walked away and left him standing looking "like the boy the calf ran over."

ELIHU STEVENS, of Smithfield, Me., is probably at the head of the largest family in the country. The aged man still appears hale and hearty. He is of medium height, quite erect, and although he complains of his poor eyesight, he is still able to go about alone. Before a recent reunion he drove to Oakland, and went about among his friends, inviting them to attend the celebration. Five generations of his family are now living. He was three times married, had ten children by his first wife, five by his second, and six by his third. His children, grandchildren, great-grandchildren and great-great-grandchildren who are now living number 319.

A MOST peculiar case of superstition exists in York Township, Ohio. A well-known farmer named Milar has always kept a fine lot of cows and made a great deal of most excellent butter. Of late years he has had what he terms it, "Witches in the cream," giving himself and family a great deal of trouble and great loss. It happens about every two weeks when they put the cream in the churn it begins foaming over the top and refuses to gather. No amount of churning has any effect toward gathering the butter, and the cream is taken out and thrown far away. The family attributes the trouble to witches brought on through the agency of a woman in the neighborhood through spite. It is a strange case.

ELDER WILLIS WARREN, a noted colored Baptist preacher of Georgia, is a remarkable man. He is very large, fat, jolly, and bald. He cannot read or write, but he has gained complete authority over thousands of his people in Lee, Dougherty, and Baker counties. Each of his followers is assessed $1 a year, which is religiously paid, and "Papa Willis'" income is very large. He owns a large plantation, which is worked by members of his congregation in turn without any expense to him. He drives into Albany, Ga., where he has recently built a church, seated in a handsome carriage behind a high-stepping black horse. It is said that he uses his great power with his congregation for good and that his advice to them is excellent.

W. W. CORCORAN, the Washington millionaire and philanthropist, would indeed be a great man if for no other reason than he knows how to handle a surplus. In his benevolent life of 90 years he has given away in charities nearly $7,000,000. One of his most patriotic acts was the removal of the remains of John Howard Payne to American soil and the erection of a monument to the author of "Home, Sweet Home." He receives the usual number of unconscionable requests made by worthy and unworthy alike. A woman wrote him: "I want a barrel of mess-pork, and I want you to send it to me." Mr. Corcoran laughed and sent it. Then the greedy cormorant asked for another.

THE watch without hands which has recently been brought before the public is simply a watch with the ordinary wheelwork in which the intermediate teeth are wanting, and which gear every minute and hour only. The contrivance, though admitted to possess some inconveniences, is, on the other hand, claimed to present some genuine preferences over the ordinary make. Thus, the construction not only allows the reading to be accurate, but also permits of estimating the time that separate each passing minute. There is not only an optical sign given, but also an acoustic one, since at every change of figure the ear perceives a slight sound, and consequently it becomes useless for one to examine his watch in order to measure a given interval of time—a feature of special value to engineers, physicians, officers, travelers, and observers. The experimenter knows exactly when a minute begins and ends.

Don't Get Caught

This spring with your blood full of impurities, your digestion impaired, your appetite poor, kidneys and liver torpid, and whole system liable to be prostrated by disease—but get yourself into good condition, and ready for the changing and warmer weather, by taking Hood's Sarsaparilla. It stands unequaled for purifying the blood, giving an appetite, and for a general spring medicine.

IN the arctic regions so greatly does fish preponderate over all other kind of food that the people have often been grouped together under the name of ichthyopagi, or fish-eaters; and there have been naturalists who have followed this idea so far that they have been able to discover a fishy type of physiognomy among them. Some of these people in the course of their lives probably never tasted any other kind of food; and as its peculiar richness in fat especially adapts it to their requirements of an easily digestible heat-giver it is well that nature has been so lavish in peopling the waters. So numerous are the individual members of the finny tribe that they may be said to exist in their myriads, thus forming a striking contrast to land animals, which are comparatively scarce. This abundance of fish arises from the evenness of temperature of water as compared with land. Seaweeds grow luxuriantly in latitudes where land plants of any importance would be an impossibility, and thus the primary requirements of a large population of animals are supplied. If it were not for this supply of seaweed it is not too much to say that the arctic regions would be almost uninhabited; but, thanks to the consequent abundance of fish, the Esquimaux and the Samoides extend themselves to within ten degrees of the pole.

A new broom sweeps clean, but an old remedy that is reliable in practice is better than all theoretical new ones. Warner's Log Cabin Hops and Buchu Remedy is an old household remedy of our ancestors. You can find it indispensable for dyspepsia, constipation, malaria and other diseases and it only costs $1.00.

THE strength of the Russian troops assembled ready for action in the western provinces toward the end of December is reported by a German military paper as follows: In the first line, close to the frontier, there are stationed eight army corps, one each at Riga, Loono, Plotsk Lomsha, Petrohof Warsaw, Ivangorod Lublin, Rovno Shitomir, Kief Meskiboochye, and Kishenef. The second line is made up of three corps, one each at Prallystok Minsk, Tchoringoo Orel, and Karkof Poltava. The third line consists of five corps, one each at Revel Novgorod, Petersburg, Moscow, Jouslav, and Kazen Soratof. Each of these sixteen corps counts 44,500 men, or, altogether, 712,000 men. There are further nine divisions of cavalry on a complete war footing and receiving already war pay, close upon the frontiers toward Germany and Austria, namely, one each at Kovno, Wilna, Lomsha, Alexandrova, and Tchenstockof, looking toward Germany, and at Lublin, Samostye, Dubno, and Kief looking toward Austria. The four divisions stationed at Romny, Tchovgovyef, Jelisavetqrad, and Kishenef, can be transported to the frontier in a few days. These thirteen divisions count 3,600 horses each, or, altogether, 46,800. Each division is supplied with two batteries. The whole force consists, therefore, of 757,000 men, of which eight corps and nine divisions of horse, or 356,000 foot and 32,400 horse form the first line. Railroads with double tracks connect the second and third lines with the first—that is, they can be moved forward so rapidly that they can be in the encampment of the first line simultaneously, almost with the forward movement of the latter.

No other spring medicine has won for itself such universal confidence as Ayer's Sarsaparilla. It is the most powerful combination of vegetable alteratives ever offered to the public, and is acknowledged by the medical profession to be the best blood purifier.

A GHOST that has been for several months scaring the engineers at a certain trestle on a railroad near Atlanta was found a few days ago lying unconscious and nearly frozen to death in a pool of water near the spot. She had neither shoes nor stockings and few other clothes, and was evidently demented, although she could talk rationally on some subjects. She seemed to be of good birth and had evidences of refinement about her. She said she was Annie Garrett and had taken to the woods because she was disgusted with the world and lacked the courage to commit suicide. A hole was found dug out beneath the trestle, and in that she had lived.

As a toilet article, Ayer's Hair Vigor stands unrivaled. It cleanses the scalp and removes dandruff, cures itching humors, restores the original color to faded and gray hair, and promotes its growth.

The advantages of a reliable, safe and efficatious Family Medicine, is incalculable, and when such is found, the blessing is thus happily expressed.

I Exclaimed "Eureka."

I have been using Simmons Liver Regulator myself some five years or more, and my family also, and can testify from experience to its virtues. I never recommend a medicine unless I know it to be good. In a ministry of twenty-five years I have often felt the need of such a medicine and when I found it I exclaimed "Eureka."—Rev. J. P. Harper, Proprietor of the "Christian Visitor," Smithfield, N. C.

LOCAL NEWS.

The council proceedings elsewhere will interest every tax payer.

There are five democratic candidates for trustee in Marion township.

Ezra F. Kendall, in a "Pair of Kids," comes to the Temple Saturday.

Miss Louise Carnahan, of East Wayne street, has returned from Lafayette.

The laughing play "Si Perkins" will be presented at the Temple to-night.

The Jenney Electric Light company is not to be driven out of the city just yet awhile, thank you.

Mr. and Mrs. Fred Graffe gave a very pleasant card party, at their West Berry street home, last evening.

This is Ash Wednesday, the first day of lent. In the Catholic and Episcopal churches it is devoutly observed.

Mrs. Jacob Forbing, who has been the guest of Mrs. Frank Iten, returned to her home at Kenton, O., this morning.

Kalamazoo, Mich., has 2,000 acres devoted to the cultivation of celery, with a stated average profit of $400 an acre.

On account of sickness in his family, Conductor Kirkby, of the Wabash, was unable to take his run out of Toledo yesterday morning.

A very enjoyable surprise party was tendered Mr. and Mrs. Amos Heit at their home, No. 129 DeWald street, last evening. There were about forty persons present.

A building permit has been granted to Chapman Rhodes to erect a church building, on lot 365 Hanna's addition, to cost $3,000. This is the new African M. E. church building.

Misses Anna Kamp and Mary Handler, two charming young ladies, gave a party last evening to a large number of young folks. The evening was delightfully spent and enjoyed by all those present.

The Lafayette *Courier* says: "Miss Eva Nelson, of Piqua, Ohio, who has been visiting Mrs. Eugene Brown, left yesterday afternoon for Fort Wayne, where she will visit friends before returning home."

There is a contemplated change of time on the Wabash railway, which will probably go into effect next Sunday, when an extra train east and west will be put on for the further convenience of the traveling public.

The Bell telephone company is striving to maintain its high rates at Cincinnati by offering free service to newspaper writers and county officials. The company can never play that game successfully in Indiana.

The Toledo *Bee* says: "Mr. Henry Jones, of Fort Wayne, is visiting his sister, Mrs. John Schultheise, on Madison street. Mr. and Mrs. S. will entertain friends several evenings during the coming week, in honor of their guest."

The council last night awarded the contract of lighting the city to the Jenney Electric Light company. The Duquesne Electric Light company said if the council would give them time they would send in a bid to light the city. The council wisely sustained the home company.

"Si Perkins," or, "The Girl I Left Behind Me," is a very funny play and among the principal effects in it is the great county fair scene, with a real threshing machine in full motion, while the farmers' band is discoursing lovely music to the attendants on the fair grounds.

The damage suit of Gardner against the Grand Rapids and Indiana road came to an end at Richmond, yesterday, by the jury bringing in a verdict for the railroad company. Gardner sued for the loss of his saw mill, claiming it was fired by a spark from a passenger locomotive on the road.

Mrs. Emma P. Ewing, of Purdue University, Indiana, will contribute a chapter on "The Importance of Knowledge of Domestic Economy to Young Women" to a book entitled "How to Educate Our Girls," which Rev. B. S. Austin of Alma Ladies college St. Thomas, Ont, is preparing for publication.

Yesterday afternoon, while Frank Fitzpatrick, a machinist in the Pittsburg shops, was engaged in knocking a pin out of a valve rod, a piece of steel flew up and struck him in the lip. It cut a small artery and all attempts to stop the flow of blood proved unavailing until the company's surgeon, Dr. G. C. Stemen arrived and checked it in a short time. The injury was a very painful, but not a serious one, and after the wound had been dressed Frank resumed work.

By correspondence with 600 township trustees, scattered over all parts of Indiana, State Statistician Peele has collected interesting data concerning the effects of the great drought of last year on crops. He finds that the damage to the corn crop was 50 per cent, ranging from 30 to 70 per cent; to the Irish potato yield 66, and to the clover and timothy hay 40 per cent. The southern part of the state suffered much more severely than the northern or central, the counties damaged to the greatest extent being apparently Parke, Bartholomew, Crawford and Decatur.

Hon. C. Edwards Lester,

Late U. S. Consul to Italy, author of "The Glory and Shame of England," "America's Advancement," etc., etc., etc., writes as follows:—

New York, August 1, 1886. 122 E. 27th st.

DR. J. C. AYER & Co., Lowell, Mass.,
Gentlemen:—A sense of gratitude and the desire to render a service to the public impel me to make the following statements:
My college career, at New Haven, was interrupted by a severe cold which so enfeebled me that, for ten years, I had a hard struggle for life. Hemorrhage from the bronchial passages was the result of almost every fresh exposure. For years I was under treatment of the ablest practitioners without avail. At last I learned of

Ayer's Cherry Pectoral,

which I used (moderately and in small doses) at the first recurrence of a cold or any chest difficulty, and from which I invariably found relief. This was over 25 years ago. With all sorts of exposure, in all sorts of climates, I have never, to this day, had any cold nor any affection of the throat or lungs which did not yield to AYER'S CHERRY PECTORAL within 24 hours.
Of course I have never allowed myself to be without this remedy in all my voyages and travels. Under my own observation, it has given relief to vast numbers of persons; while in acute cases of pulmonary inflammation, such as croup and diphtheria in children, life has been preserved through its effects. I recommend its use in light but frequent doses. Properly administered, in accordance with your directions, it is

A Priceless Blessing

in any house. I speak earnestly because I feel earnestly. I have known many cases of apparently confirmed bronchitis and cough, with loss of voice, particularly among clergymen and other public speakers, perfectly cured by this medicine. Faithfully yours,
C. EDWARDS LESTER.

WEAK, UNDEVELOPED PARTS Of the body enlarged and strengthened. Full particulars sent sealed free. ERIE MED. CO., BUFFALO, N.Y.

That's So

Relief is certain for the despondent feelings of the dyspeptic, the constipated habit of the sedentary, the headaches of the nervous and bilious, by the simple use of Simmons Liver Regulator,—easy to take, not nauseating or disgusting, not more bitter than a glass of beer and far more grateful. It is no intoxicating beverage, but it tones up the system, settles the stomach, assists digestion, regulates the bowels, and stimulates the Liver. Take it once and and you will discard all other medicines.

"I have used many remedies for Dyspepsia, Liver Affection and Debility, but never have found anything to benefit me to the extent that Simmons Liver Regulator has. I would advise all who are similarly affected to give it a trial as it seems the only thing that never fails to relieve."—F. M. JANNEY, Minneapolis, Minn.

The certainty with which this remedy acts has astonished the Medical Profession and secured for itself unbounded praise. Its virtues consist in being so gentle a cathartic, tonic and alterative, that in its operation it does not interrupt the usual duties of life, but acts so naturally that the system is not upset or afterwards constipated. It attacks all bilious disorders and sluggishness of the Liver; is harmless, and can be taken at any time without fear of injury.

"I have been a user of Simmons Liver Regulator for years, having made it my only family medicine. It is a sure, good and reliable medicine. My mother before me was very partial to it."—Rev. JAS. M. ROLLINS, Pastor M. E. Church, Fairfield, Va.

Dr. Pierce's Golden Medical Discovery. The Original and Only GENUINE LITTLE Liver Regulator LIVER PILLS.

REWARD OF IMITATIONS. ALWAYS ASK FOR DR. PIERCE'S PELLETS, OR LITTLE SUGAR-COATED PILLS.

Being entirely vegetable, they operate without disturbance to the system, diet, or occupation. Put up in glass vials, hermetically sealed. Always fresh and reliable. As a laxative, alterative, or purgative, these little Pellets give the most perfect satisfaction.

SICK HEADACHE,

Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the use of Dr. Pierce's Pleasant Purgative Pellets. In explanation of the remedial power of these Pellets over so great a variety of diseases, it may truthfully be said that their action upon the system is universal, not a gland or tissue escaping their sanative influence. Sold by druggists, 25 cents a vial. Manufactured at the Chemical Laboratory of World's Dispensary Medical Association, Buffalo, N. Y.

$500 REWARD

is offered by the manufacturers of Dr. Sage's Catarrh Remedy, for a case of Chronic Nasal Catarrh which they cannot cure.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal twang; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians. By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of **Catarrh, "cold in the head," Coryza,** and **Catarrhal Headache.** Sold by druggists everywhere; 50 cents.

"Untold Agony from Catarrh."

Prof. W. HAUSNER, the famous mesmerist of *Ithaca, N. Y.*, writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was such a bad one, that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

THOMAS J. RUSHING, Esq., *202 Pine Street, St. Louis, Mo.*, writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

Three Bottles Cure Catarrh.

ELI ROBBINS, *Bunyan P. O., Columbia Co., Pa.*, says: "My daughter had catarrh when she was five years old, very badly. I saw Dr. Sage's Catarrh Remedy advertised, and procured a bottle for her, and soon saw that it helped her; a third bottle effected a permanent cure. She is now eighteen years old and sound and hearty."

ADVICE TO MOTHERS.—MRS. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub wakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

Rit Honor Willing to Assist the Witness.

A Detroit lawyer who had a case before one of the township justices subjected a witness to much brow-beating, and wound up with:

"Were you ever in jail?"

"Ask me another question of the sort and I'll lick you until you can't holler," was the prompt response.

"Your Honor," began the lawyer, "I demand that——"

"And if he can't I'll help him!" interrupted the Justice as he began to push up his sleeves.—*Detroit Free Press.*

DYSPEPSIA

Causes its victims to be miserable, hopeless, confused, and depressed in mind, very irritable, languid, and drowsy. It is a disease which does not get well of itself. It requires careful, persistent attention, and a remedy to throw off the causes and tone up the digestive organs till they perform their duties willingly. Hood's Sarsaparilla has proven just the required remedy in hundreds of cases.

"I have taken Hood's Sarsaparilla for dyspepsia, from which I have suffered two years. I tried many other medicines, but none proved so satisfactory as Hood's Sarsaparilla." THOMAS COOK, Brush Electric Light Co., New York City.

Sick Headache

"For the past two years I have been afflicted with severe headaches and dyspepsia. I was induced to try Hood's Sarsaparilla, and have found great relief. I cheerfully recommend it to all." MRS. E. F. ANDABLE, New Haven, Conn.

Mrs. Mary C. Smith, Cambridgeport, Mass., was a sufferer from dyspepsia and sick headache. She took Hood's Sarsaparilla and found it the best remedy she ever used.

How It Feels to Be Hanged.

"When I was about 20 years old I left New Hampshire, my native State, and came West, with the idea of securing a fortune in the mines. That was about ten years ago. At that time, to my eyes, Montana offered the best field to a young man from the States, and in the direction of that Territory I turned my face. I worked my way up into the northeastern part and was beginning to feel just a little blue, although I would not confess it to myself. I had not found a gold mine at the first jump, as I fully and confidently expected, and instead of jingling dollars in my pocket I got down to rubbing dimes together, and even their music sounded sweet, for before long I was whacking burros for a place to sleep and something to eat.

"Finally I worked my way to a little town away up in the corner of the Territory, and by making plenty of friends and hard work I began to see daylight through my difficulties. Then the camp had a boom and things were lively for a time. I took good care to profit by it, and was in a fair way to raise money enough to 'shake' the country, when a strange thing happened. One night the beds were all full at the house and I doubled up with a tall miner, who was a stranger in town. Before I awoke the next morning he was gone, and after breakfast I heard that a saloon-keeper had been killed and robbed of $800. Late in the afternoon a man came up to me and said he wanted to see me on a little business. I went with him, and we walked quite a distance until we came to a team hitched to a lumber wagon full of men. I was ordered to jump in, and then for the first time it struck me that I might have been accused of the murder of the night before. I asked them what I was wanted for, but received no reply, and we were driven out of town to a clump of trees a mile or two away. A rope was produced, one end placed around my neck, and the other end thrown over the branch of a tree. I was then asked to make a confession. I told them briefly that I had nothing to confess, and that if they could find the tall miner with whom I had slept the night previous he would declare my innocence. They only laughed at me, and I realized that I was to die. I was filled with such a feeling of horror that my legs seemed to give way beneath their weight, and two men assisted me.

"The order was given to pull away, and up I went, the rope tightening about my throat like some living thing intent on killing me. Suddenly I was lowered to the ground and again asked to confess. I tried to speak, but could not utter a sound. I was speechless. Upon a slip of paper I asked that my father and mother be notified of my death, and wrote the address. After a brief consultation I was pulled up again, and, as my eyes closed, it seemed as though I had looked upon earth for the last time. At first I suffered intense pain, then a feeling of dizziness came over me and my head swam around and around and I felt as though I were falling a great distance. Then a sensation as of sleep came over me. I knew of nothing after that until I found myself lying on the ground, while the form of a man bent over me in the gathering darkness, and water was dashed in my face. The revival was one of pain, and just then I would rather have been left to die.

"I was taken to a house, how I do not know, and put to bed. My throat pained me and I could not talk. I remained there for twenty-four hours, when the man who cut me down came in and said they had found the tall miner I had slept with and they knew I was innocent. He had cut me down on his own responsibility, he said; but now he could tell the boys, and he did. They came to the cabin with a rush and some of them cried for joy when they found I was alive. They asked me questions and I found I could not talk. Then they took me to the hotel, put me in the best room and sent for a doctor.

"When the doctor came and made an examination of my throat he said that some of the smaller bones of my neck had become disjointed. He worked on the case two weeks and I finally found my voice again. But the terrible red scar still remained and I suppose always will."—*Denver News.*

He Brought Out the Badger.

A lot of youngsters were collected on Sunday afternoon around a badger hole in which there was a mighty obstinate old badger—one of those old toughs that you could knock sparks out of with a hammer. Anyhow, the young sports had put all their swell imported terriers in to him and the old badger had come out on top every time—at least he hadn't come on top, because he hadn't come out at all; but when he and the dogs got to chewing one another underground he appeared to have away head the finest appetite. A chap who was standing by looking on said kind of sadly: "I guess, misters, that my old dog'd fetch that badger out for you—if you want him out, that is."

The stranger was one of those plank-shaped citizens, with shiny hair, like sea-weed. His cloths might have been entailed clothes in which the family had lived for centuries, and the mongrel was a dog as nearly like his master as a dog could be. Well, sir, the young bucks looked at them both, and the more they looked the more they laughed. The notion that that cur could beat all their finely bred imported terriers just tickled them to death, and finally the whole boiling of them offered to bet 20, 30, 40 to 1 against him—anything the owner liked, in fact. But they didn't bluff the old man off; he stayed with them; he seemed to have more money along, too, than you'd expect to find in such old clothes. And the more the boys kept scusing it to him the more he kept taking 'em, till finally they quit. And the bets were laid out on a big stone. Well, they stood around to see the fun. It was pretty clear that some one was going to feel awful sick before the deal was over. However, the visitor didn't seem like he thought it was going to be him. He picked the mongrel up and stroked him tenderly, and the old dog winced a little mite, too, as if he could see a chapter or so ahead of him. "Put him in," said the boys, "put him in!" "Right now, gentlemen," said the stranger, and stooping down he pried him gently into the earth—stern first. Well, sir, you should have heard those boys laugh when they saw that. Laugh? Well, I should say they did. For a minute or two the old dog lay there with his head out of doors, one eye fixed reproachfully on his master, the other cocked anxiously backward. Then all of a sudden there was a terrific yelp, and a cloud of dust, and he shot out of the hole with the badger fastened to him. And for the life of you you couldn't tell which looked the most foolish—the young sports or the old badger. As for the stranger, he raked in the bets, and when he got a little way off he turned around, as if he had forgotten something, and says he mournfully: "Boys—misters, I'm from Pecos County, Texas. I'm only a school-teacher thar, but they all know me. Shuf's my name—Eb'nezar Shuf—ask for Joyful Shuf."—*Saddle and Mountain.*

SKIN SCALP BLOOD.

Having been a sufferer for two years and a half from a disease caused by a bruise on the leg, and having been cured by the Cuticura Remedies when all other methods and remedies failed, I deem it my duty to recommend them. I visited Hot Springs to no avail, and tried several doctors without success, and at last our principal druggist, Mr. John P. Finley, (to whom I shall ever feel grateful), spoke to me about Cuticura, and I consented to give them a trial with the result that I am perfectly cured. There is now no sore about me. I think I can show the largest surface where my sufferings sprang from of any one in the State. The Cuticura Remedies are the best blood and skin cures manufactured. I refer to druggist John P. Finley and Dr. D. C. Montgomery, both of this place, and to Dr. Smith, of Lake Lee, Miss.

ALEXANDER BEACH, Greenville, Miss.

Mr. Beach used the Cuticura Remedies, at our request, with results as above stated.

SAVED MY MOTHER'S LIFE.

Ever since I can remember, my mother has suffered from a milk leg. Nothing would do her any good. She had the best medical talent, but they all did her no good. She suffered with her leg for thirty years and never knew a well day. She would have to sit up half the night walking on her leg and moaning. She had no peace. She used all the best known remedies in the country without effect. I asked her to try your Cuticura Remedies. Got her a bottle of Cuticura Resolvent, and she took it, and has taken in all about six or seven bottles and now she is a well woman to-day. Her leg is entirely healed, and her health was never better. She can go out every day, something she has not done in ten years, so you see I cannot help stating to you about your wonderful Cuticura Remedies. You have saved my mother's life. I cannot find words to express my gratitude. I have advertised your Cuticura Remedies far and near.

Sneezing Catarrh.

The distressing sneeze, sneeze, sneeze, the acrid watery discharges from the eyes and nose, the painful inflammation extending to the throat, the swelling of the mucous lining, causing choking sensations, cough, ringing noises in the head and splitting headaches,—how familiar these symptoms are to thousands who suffer periodically from head colds or influenza, and who live in dread of the fact that a single application of Sanford's Radical Cure for Catarrh will afford instantaneous relief.

But this treatment in cases of simple Catarrh; yes but a faint idea of what this remedy will do in the chronic forms, where the breathing is obstructed by choking, putrid mucous accumulations, the hearing deadened, smell or taste gone, throat ulcerated and hacking cough gradually fastening itself upon the debilitated system. Then it is that the marvelous curative power of Sanford's Radical Cure manifests itself in instantaneous and grateful relief. Cure begins from the first application. It is rapid, radical, permanent, economical, safe.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, price $1.

THE COMMON COUNCIL

Meet and Discuss City Affairs—The City Attorney Makes a Report on the Water Works Suit.

The common council of the city of Fort Wayne met in the council chamber Tuesday evening, February 14, A. D. 1888, in regular session.

His honor Mayor Muhler in the chair, and present the following members, viz: Councilmen Buttenbender, Doehrman, Griffith, Haiber, Hazzard, Kelker, Kensill, Lahmeyer, Michael, Monahan, Meyer, Read, Scheid, Shordon, Wessell, Woulfe, Webber, and Williams—18.

Absent—none.

The minutes of the last regular session having been delivered to the councilmen were on motion approved as published.

BILLS.

The following bills were on motion allowed.

Street Commissioner's pay roll	$211 61
Henry C. Berghoff (money advanced	120 06
S. Bash & Co	26 93
D. C. Zollinger	5 10
A. C. Trentman	3 80
Ella Thieme	4 85
Wm. Borgman	156 80

The bill of T. J. Logan for $4.50 was referred to the city attorney.

PETITIONS.

The bill of the N. Y., C. and St. L. railroad for $36.23, was referred to the finance committee and the city attorney.

The bills of the city commissioners for $44 and $68 were referred to the mayor and city attorney.

William and J. J. Geake ask an estimate of $45.44 for a sidewalk they constructed in front of the property of Timothy Hogan. Referred to the street committee and city civil engineer.

George C. Duy remonstrated against the vacation of the alley between lots 16, 17 and 3 and 4, county addition, and also between lots 1, 2, 3, 4, 5 and 6 and 14, 15, 16, 17, 18 and 19, county addition. Referred to the committee and city attorney.

Henry Schnelker asked permission to construct a sidewalk in front of lot 91, original plat. Granted.

A. C. Trentmon and others asked the co-operation of the city in the suit to compel the Western Union Telegraph company to remove its poles from Calhoun street. Referred to the mayor and city attorney and committee on finance.

The Duquesne Electric Light company asked for an opportunity to bid for lighting the streets of the city, offering to do the work for less than $125 per lamp. Referred to the committee on street lights.

Mary Harber and others remonstrated against the opening and location of an alley on the south side of lots 6 and 7, Barthold's addition. Referred to the street committee.

REPORT OF COMMITTEE ON FINANCE.

REPORT OF COMMITTEE ON STREETS AND ALLEYS.

We, your committee on streets and alleys respectfully report:

1. In favor of the resolutions of Councilman Monahan to grade and pave with flagging the sidewalks on both sides of Berry street, from Calhoun to Barr street.

2. In favor of the resolution of Councilman Woulfe to grade and pave with flagging both sides of Berry street, from Harrison to Calhoun street.

3. In favor of the resolution of Councilman Woulf to grade and pave with flagging both sides of Main street, from Harrison to Barr street.

4. We have also examined the annual reports of the city civil engineer and street commissioner. Said reports are gotten up in a very good form and by reading the same every taxpayer can easily understand the workings of these departments. There were more improvements made last year in the engineer's department than any other year in Fort Wayne's existence. We recommend the annual reports be printed in pamphlet form and distributed among the citizens and taxpayers.

5. In reference to the resolution of Councilman Michael to ascertain whether or not Columbia street from the west line of Lafayette street, east to the east line of county addition is legally opened, would ask until next meeting.

REPORT OF THE COMMITTEE ON RULES, REGULATIONS AND ORDINANCE.

In relation to the petition of William B. Grove, asking permission to operate a pounding machine on the streets of the city without first procuring the proper license, your committee have carefully examined the revised ordinances regulating such matters; your committee also learn, with many regrets, that the petitioner did some years ago meet with an unfortunate accident and is undoubtedly entitled to favors from the hands of a generous public, but your committee does not desire to, nor has it the power if it did, to annul the ordinance governing the matter. Therefore your committee can only refer the petitioner to the ordinance and the lenency of his honor the mayor.

REPORT OF FIRE COMMISSIONERS.

We, your board of fire commissioners, to whom was referred the annual report of the chief of the fire department, respectfully report and recommend, after due consideration, as follows:

1. That the purchasing of lots in the Eighth, Fifth and Ninth wards, for hose cart houses, be referred to the committee on finance, and as soon as the finances will permit that the chief and fire commissioners be instructed to recommend places for said hose cart houses, and report the same to the council.

2. In reference to a new hook and ladder truck, we believe on account of the high buildings now erected in the city that we should have longer ladders then we now have at the present time, the chief reports that it is impossible to reach the high buildings in case of fire with the ladders we now have on the old truck. We therefore recommend that a new hook and ladder truck be purchased as soon as possible.

3. We also report that the men are in need of some blankets and comforts at engine house No. 1; we therefore recommend that the chief and fire commissioners be instructed to purchase four blankets and fifteen comforts at once.

We, your committee who have twice made the Griffith street sewer assessments, respectfully report as to the petition of Caroline Ehrman, that we cannot make a better assessment, as the one approved by the council was and is in our opinion as near just and true as can be made. If the council thinks that petitioner is not benefitted the cheaper and easier way would be for the city to pay it, the amount being only $7.57.

REPORT OF THE COMMITTEE ON STREETS, CITY ATTORNEY AND ENGINEER.

We, your committee on streets with city attorney and city civil engineer, to whom was referred the petition of H. B. Reed, asking for a reduction of assessment for the flagstone walk on the north side of Columbia street, will report that we have carefully examined the petition as well as the estimate in question, and advised with the city attorney, and find that the costs of improvements must be assessed to its assessed value for taxation. Your committee, to whom was referred, with power to act, the temporary repairing of the outlet to the Walton avenue sewer, have come to the conclusion that some pile driving would be necessary to protect the present repairs until a more permanent improvement be made. We therefore awarded a contract for said piling to Mr. Waldo at 32c per lenial foot per post, being the lowest bidder out of three.

We have not yet made any arrangements as to the filling back of the piling with clay or other material on account of the frozen condition of the ground.

REPORT OF SPECIAL STREET RAILWAY ORDINANCE COMMITTEE.

We, your committees on rules, &c., and streets, with city attorney, to whom were referred the street car ordinances, respectfully report that we have amended the ordinances in such a manner as to best subserve the public interests. We have inserted clauses requiring the company to bear one-half the expense of maintaining or replacing the Shawnee creek and Creighton avenue bridges. We have inserted a clause in the Main street ordinance providing the manner of crossing the river bridge on West Main street and another requiring the company to place all earth excavated in laying the track at such points as the street commissioner or committee shall require. In the Broadway ordinance we have restructed the line to the middle of the street to nearly Shawnee creek and put upon the company the duty of maintaining the gutter on the west side of Broadway in a safe condition. With reference to the clause proposed putting upon the company the duty of building one foot of the roadway outside of its track, we report adversely for the reason that it is to the best interest of the city that said tracks should be extended as prayed for, and while the company may in the future reap a benefit from such extension, at the present time by far the greater benefit will accrue to those having and owning property, as well as those living in the west of the city, and inasmuch as the company is unwilling to assume, this to them, as well as us, unjust exaction, and believing that the citizens generally desire to see the extensions made at once, we recommend the passage of the ordinances as reported herewith. While in some metropolitan cities where such franchises are of great value, some strong ordinances may be found, but the ordinances herewith reported are much more exacting than those in other cities of our size. The ordinances reported are very much more exacting than those passed by our councils of former years.

2. And in reference to the natural gas ordinance your committee would ask whether or not they should report an ordinance.

REPORT OF CITY ATTORNEY.

I respectfully report as follows:

1. In the matter of the pending investigation of the water works trustees, I report that the further investigation of said trustees has been enjoined by Judge Chapin, of the superior court. The complaint sworn to by the trustees was against the mayor and the eighteen councilmen. The trustees swore that the council was corrupt; that the investigation had been ordered because they had prevented said council from obtaining the feeder canal; that the council intended to impeach them with or without evidence. Upon the strength of the complaint Chapin granted injunction. I filed the sworn statement of fifteen members of the council and the mayor, denying that they were corrupt, and that they did not intend to impeach the said trustees unless the law and the facts demanded it. The case has been taken to the supreme court, and I believe within thirty days the supreme court will decide that Judge Chapin's decision was unauthorized and a bold usurpation upon his part.

2. In the matter of the bill of costs in the supreme court of the United States in the case of R. D. Wood & Co vs. City, is correct and must be paid to save further costs.

3. I appeared to complaint filed by the late Samuel Miller, proprietor of the Journal, and submitted an agreed statement of facts, the question in dispute between him and the city, as to whether or not, under his contract to do the city printing, he was bound to print the city delinquent tax list; inasmuch as the law provides that the expense of such printing shall be charged against the property taxed, and collected when the property is sold or redeemed. The city having made such collections last year, and he having printed such delinquent list, claimed that under the law it was due him. Judge O'Rourke decided that it was not embraced in the contract, and that therefore judgement should go for Miller. The amount to which the Journal is therefore entitled is between $50 and $60. The treasurer knows the exact amount.

4. In accordance with the resolution of Councilman Michael, I petitioned Hon. E. O'Rourke, judge of the circuit court, for the appointment of the five city commissioners for street opening and assessments, his honor appointed Michael Wolf, A. F. Glutting, Jefferson Dickerson, George Fox and Ulrich Stutz.

Henry Colerick,
City Attorney.

Sec. 1 and 4 concurred in. Sec. 2 and 3 referred to the committee on finance with power to act.

Henry C. Berghoff,
City Treasurer.

Referred to committee on finance.

REPORT OF CHIEF OF POLICE AND CITY CLERK.

I respectfully report that the electric lights were found not burning 385 hours during the month of January, 1888.

Hugh M. Diehl,
Chief of Police.

I respectfully report that I have deducted from the electric light company's bill for the month of January, 1888, $21.38; 385 hours at 5½ cents per hour.

W. W. Rockhill,
City Clerk.

Referred to the committee on street lights.

REPORT OF POUNDMASTER.

I hereby respectfully report that I have no financial report to make, as I have caught no animals, hence no money collected. The pound is in a miserable shape and unfit to put any animals into during the winter, and the same should be cleaned and fixed.

Michael Miller,
Poundmaster.

Referred to the committee on public pound.

REPORT OF CITY WEIGHMASTER.

I most respectfully report that I have collected and paid to the treasurer $184.10 for the month of Jan., 1888.

Patrick Ryan,
City Weighmaster.

Referred to the committee on finance.

REPORT OF STREET COMMISSIONER.

In the event of heavy rains, when spring opens, there is some danger of the new brick sidewalk on the south side of East Lewis street being washed away, as there is a large amount of water accumulates at that point, and it will become necessary to protect the sidewalk, dump with cinders or other material which may be deemed best, either by the city or the property owners.

Dennis O'Brien,
Street Commissioner.

Referred to the committee on streets with power to act.

REPORT OF CITY CIVIL ENGINEER.

The papers in the city civil engineer's office have accumulated to such an extent that we have to tie them up in bundles and stow them away in drawers or other places which makes it very inconvenient when it becomes necessary to look up some particular paper at a time when we are hurried with work. I therefore ask your honorable body to take such action as may be necessary to provide the city civil engineer's office with a suitable case of pigeon holes with boxes for the safe keeping of the papers belonging to the office.

J. S. Goshorn,
City Civil Engineer.

Referred to the committee on public grounds and buildings.

The Masquerade Ball.

The famous Saengerbund society gave its thirteenth annual masquerade ball last evening and the Princess rink was the scene of a gay assembly. The costumes were gorgeous and picturesque, representing every phase of life. Reineke's full orchestra furnished music and until early dawn the merry throng danced the hours away. The following committees looked after the welfare of their guests and added another to the successful Saengerbund balls:

Committee on arrangements—Aug. Langhorst, W. Becker and Charles Jacobs.

Reception committee—N. Heine, H. Horstmeier and F. Roth.

Introduction committee.—H. Keller, Charles Hoffman and August Baals.

Floor managers—Christ Plorr, Chas. Sheldon, A. Knoche, M. Ermschner, E. Berthold and A. Tassler.

The insurance policy for $5,000 held by the late E. L. Shadduck, the Wabash conductor who died in this city a few weeks ago, has been found to be void. The wife of the deceased, who lives in Vermont, teaches school and barely makes a living.

Remnants by thousand at half price.

A Suit for $700,000 Worth of Property.

Evansville, Ind., Feb. 15.—A very important suit directly involving property valued at $700,000 in this city was filed in the circuit court yesterday morning. The suit is brought by Josephus Collett, of Terre Haute, for the recovery of property formerly known as the Erie Canal bed, which is now traversed in part by one of the principal thoroughfares of the city, while in other parts it is covered by residences and business blocks. The suit is brought against the city and two of the property holders, and upon its result the title of the entire tract will be tested. It is an old question which has never, however, been brought before the courts in this form. The filing of the proceedings has created a sensation.

A prophet, they say, is no good in his own country; but there is an exception too this proverb. Dr. Bull has been of infinite good to his countrymen and his Cough Syrup has become a national balm.

Large crowds of buyers find attractive bargains in their various departments.

The sale continues during the week.

M. FRANK & CO., Pro.,
62 & 64 Calhoun Street.

Prof. Edmondson and Palmer, the opticians, will continue to test eyes free at the public parlor of the Robinson house until Feb. 20th. d-3t-w1t

After To-day.

You have only five days left after to-day to buy your clothing or anything in the house at actual cost, as the sale ends Tuesday evening, February 21. We have already sold way beyond our expectations, but will do as we advertise "continue the sale" until the time is up. It is only a chance in a life time to buy such goods as you can get from us. None equal in fit and make, which you can buy at actual cost. We do not confine you to shirts, but anything in the store at actual cost! cost!! cost!!! There is fun ahead. Look out for honest surprises this spring. We will show you some things that will open your eyes. We propose to give the people a genuine benefit, as we propose to do it to the letter. "You shall see what you shall see." Will be open nights the rest of this week.

Original Pete,
No. 52½ Calhoun street.

I would be pleased to give notice to all parties who intend building, and to the public in general, that having refitted and reopened an office at 188 Calhoun street, second floor, I am now better prepared than ever to supply all drawings, plans and specifications required in any kind of building operations promptly and at reasonable terms. Having had over twenty years practical experience as an architect, I can guarantee satisfaction at all times. The public is respectfully invited to call and examine my display of drawings and engravings. Frank B. Kendrick,
Architect.
